

DRIVEN TO SUICIDE BY POVERTY'S SPUR

Mrs. Berger, Whose Body Was Taken From the River Here, the Wife of a Once Prominent and Wealthy Man.

AGED HUSBAND'S GRIEF ON VIEWING REMAINS.

A mystery of three days was conclusively solved when aged John Berger, of Atwood street, Oakland, Pittsburgh, arrived in this city at 7:33 last evening and identified the body of the drowned woman, which had been lying at John Rinehart's undertaking rooms since Sunday, as that of his missing wife.

The story which led to her suicide is an unusually sad one. Mr. Berger was once a wealthy furniture dealer, residing in Allegheny. He was also an enthusiastic astronomer, and for a number of years maintained a large private observatory at his home on Perryville avenue. There it was his delight to meet young people who had a desire to learn and give them free instruction in natural science.

Mr. Berger made several inventions and improvements in telescopes that attracted much attention. He was also much interested in microscopy and a man of ripe scholarship.

Misfortune overtook him some ten years ago and he appears of late to have lived in poverty. Mr. Berger stated that his wife was undoubtedly mentally deranged on account of his financial troubles. He said:

"We had no money to live on. Late-

ly I went to work in a furniture repair shop, but the workmen there were so disagreeable that I had to give up the place. Then I went to a furniture establishment in which I once had a fourth interest, and offered to work for \$10 a week, but they said they had no vacancy. On Saturday I had only a loaf of rye bread in the house and had no money to get anything else with. That doubtless had a great deal to do with my wife taking the step

PASSENGER TRAIN STRUCK A FREIGHT

**Noon Train For Pittsburgh Runs
Into Rear of a Freight
at Industry.**

PASSENGERS BADLY SCARED

Several of Those in the Rear Coach Slightly Injured by Broken Glass. Seven Freight Cars Derailed and Partially Wrecked.

Much excitement was caused in this city this afternoon by a report that the noon train from Cleveland to Pittsburgh had been wrecked at Industry and several persons seriously injured. It turns out that the passengers were badly scared, but none dangerously hurt.

The eastbound passenger train No. 336, going at a good speed, ran into the rear end of a freight train. The accident happened on a curve in the road and the engineer not being informed of the freight train being on the track, was powerless to prevent the collision.

As a result seven freight cars were derailed and wrecked, but no one was badly injured. There was a report in circulation in the city that several people were badly hurt if not killed. The report gave rise to much alarm, as the train carried a number of passengers from East Liverpool. Telephonic advice from Industry state that a few received minor injuries in the rear passenger coach, as the result of flying glass.

The pilot of the passenger engine was wrecked, but further than that no damage was done to it. Traffic was delayed for several hours, the Wellsville wreck train being the only one summoned.

Elks vs. Y. M. C. A.

The B. P. O. E. base ball team will play the Y. M. C. A. team next Friday evening. Both aggregations have been practicing diligently and are evenly matched. They will play for blood and a good time is promised. The lineup of the former team will be as follows: McNutt, catcher; Heddleston, pitcher; Bright, first; Lewis, second; Baxter, short; Smith, third; Anderson, left; Orr, middle; Buxton, right.

Objected to Working With Boys.

M. A. Lacher, business agent of Lathers' local No. 58, of this city, says there are 139 locals of the lathers in the United States. He further states that the trouble originated with the local and Contractor Johnston by the latter hiring, as they allege, a number of boys to do the work, and they refused to work under those conditions. They say contractors can furnish the union men wanted if necessary.

Sensational proceedings were commenced this morning in Wellsville when Rev. E. W. Rinehart, pastor of the Disciple church at Salineville, appeared before Squire Riley and had a warrant issued for the arrest of Rodney Griffith and wife, members of his congregation.

Malicious libel is the charge preferred against the couple by the minister. In filing the bill of particulars he states that the accused have been circulating by the use of the mail and other ways, demoralizing reports about his character, saying that he had been guilty of immoral conduct.

Constable Spires was detailed to make the arrests and left at noon for Salineville for that purpose. He will likely return this evening and in so doing the case will be heard by the squire at once. It is said that Rev. Mr. Rinehart will have more warrants issued in a few days for the arrest of others of his congregation who, he thinks, have been maligning him.

To Perfect Arrangements for the Eighteenth District Congressional Convention.

Lisbon, July 16.—(Special)—Judge J. P. Fawcett, chairman of the congressional committee for the Eighteenth district, has called a meeting of the committee at Salem on Friday next to perfect arrangements for the convention on July 23.

The committee is composed of J. P. Fawcett, E. H. Turner, of Youngstown, and Ed A. King, of Lisbon.

Lisbon, July 16.—(Special)—The will of Thomas Bott, of East Liverpool, has been filed for probate.

The police were notified and are on the lookout for the brute, who is described as follows: Tall, slender, dark complexion, brown suit of clothes, black hat and 30 years of age. It is thought that he is the same man who badly frightened several little girls on Fourth street recently by trying to entice them into an alley.

Parents' Consent to the Union Probable After Much Troubulation.

After allowing their boy to lie in jail for nearly a month because they would not consent to his marrying a girl who had preferred a charge against him, Mr. and Mrs. John Prudence are endeavoring to get their son released. Action was brought against young Prudence by Nora Halfhill, an employee at Manley's restaurant, who came from Gallipolis. Both agreed to marry, but the parents of the boy refused their consent.

Mrs. Prudence was later taken very sick and removed to a hospital at Pittsburgh. She now thinks that she is going to die and does not want to leave the world with her boy in jail. The county clerk was telephoned to this morning in regard to the marriage license, and he informed the attorney for the parents that it will be necessary to get the signature of both before the license can be issued. The attorney left on the noon train for Pittsburgh to get the signature of the mother. It is likely that the marriage will be performed in this city this week.

C. & P. train No. 95, west bound, and train No. 86, running east, collided head on, at Steubenville at about 8:05 this morning. Both trains were running at a high rate of speed, and both engines were derailed and damaged. Seven cars were piled on the track.

The blame for the week lies with the crew of No. 75, who had overlooked their orders and run the train beyond the clearance point. The dispatching force at Wellsville is not blamed. Both engineers and firemen saved their lives by jumping, but not in time to prevent the accident.

Wrecking trains succeeded in clearing the tracks by noon, and traffic was only slightly delayed. If the men of the men of the two crews had been riding on the cars immediately following the engines, they would have been killed instantly. No one was injured.

Building.**

The West End Pottery company has had architect Fritz, of Fourth street, prepare plans for the erection of a large main building of brick fronting on Eighth street and extending from Mill to Eighth streets. The structure is intended to be three stories in height, of brick, and 200 feet in length, and will be used for a decorating department.

For some time the company has been trying to purchase a piece of the property of William Anderson, of Mill street, in order to proceed with the erection of this building. It is at present beginning the erection of four new glass and biscuit kilns, and when the main structure is completed will erect a number of decorating kilns. The entire plans have not as yet been fully completed.

COMPLAINTS WELL BASED

**What Business Men Say About
Telegraph and Express
Service Here.**

MUCH DELAY IN DELIVERING

**According to the Statements of
Those Who Deal With
Companies.**

MATTERS AS BAD AS CAN BE

Employees of the Adams Express company in this city having taken exception to some of the criticisms pronounced upon the company's way of doing business in an article published in this paper the other day, telling of the shortcomings of the express and telegraph service in East Liverpool, a News Review reporter spent some time among business men yesterday to learn their experiences. A large number of them were quite as emphatic as the business man quoted the other day in condemning both the express and the telegraph companies for the inadequate service given in this city.

A member of a large clothing firm located in the vicinity of Fifth street, stated to the reporter that the service given by the Adams Express company in this city was bad. The firm had telephoned a number of times for express packages, which had been left lying in the office at the depot for over a day. They had no particular complaint to make about the service of the Western Union, but thought it could be improved upon by the removal of the office uptown to a convenient location.

A prominent hardware merchant while not desirous to be quoted, thought much improvement could be made by the removal of both the telegraph and express offices to a central point in the city.

A well known clerk in one of the largest furnishing stores in the central part of the city, was very emphatic in his complaint about the Adams Express service. He had occasion to inquire by telephone about a package for a very widely known lady of this city, and after numerous telephone calls during almost an entire week found the package snugly enlosed in the office at the depot. He expressed himself to the officials of the company in language most emphatic. The lady is so well known and her address was so plainly marked on the package that it would have been little trouble for the officials following the usual rule of express companies elsewhere to notify her by postal. As it was the matter caused her considerable worriment at the supposed delay.

A member of the firm says a night service should be established at the telegraph office to better the service.

An official of one of the most prominent potteries in the city is emphatic in his declaration that the express service is very bad, both in sending and returning business, and his company had had a great deal of trouble in this regard. "It could not be worse," said the official in ending the interview.

Other well known firms of the city on being approached in the matter say that competition would be welcome, and that a central location would be an improvement and most desirable change. They were of the opinion that both the telegraph and express service could certainly be greatly improved upon.

A prominent furniture dealer, centrally located, says he has experienced considerable difficulty in sending telegrams, has often been rebuffed by answers that the operators were busy on the lines and could not attend to the messages, and oftentimes has been compelled to take the messages to the office. The same trouble has happened with the express company in regard to packages.

A well known dry goods firm, on one of the leading thoroughfares, had considerable complaint to make about the delivery of packages by the express company. He had two cases now pending with the company where charges were collected at the point of shipment and again collected on delivery. He has not yet received any redress in the matter.

Another large dry goods firm, one of the best in the city, say they have been put to great inconvenience at times by the telegraph service, especially at night, and also in the absence of a Sunday service. The service was not sufficient, but could possibly be remedied by an up-town office.

AN UNLUCKY DAY FOR EAST LIVERPOOL

The Boys Were Defeated at Wheeling Without Gaining Even One Run.

PUZZLED BY THE PITCHER

The Nail City Twirler a Wonder—Maley Scheduled to Pitch Today—The Reason for the Defeat—Maley Got the Only Hit Made.

East Liverpool suffered a shutout at Wheeling yesterday. It was all because the boys could not understand the twisters delivered by Jimmy Lucas, the young Wheeling pitcher, who will before many years make himself famous in the base ball world. He put them over in a style never before witnessed by a Wheeling crowd. Of his marvelous work a correspondent writes:

"He created four different records. First, only 30 of the East Liverpool batters faced him; second, only one hit was made off his delivery; third, but one man succeeded in getting as far as second base and lastly in the seventh inning it was only necessary to pitch three balls to retire the side. The combination of these feats perhaps creates a national record. Lucas' wing seemed to be oiled to perfection and at no time was the ball out of his control. He didn't give any base on balls nor hit a batter, and but two balls were hit out of the infield."

"In fact, the young twirler served up his curves in such shape that—ad the Chicago Americans or Pittsburg Nationals being hitting at them, the result would probably have been the same. The East Liverpool boys strove hard to pound the ball safely, but there was nothing doing. Their four errors were due more to demoralization than anything else as a result of their hopeless task in trying to solve Jimmy's twisters."

During the first part of the game the locals made things exceedingly interesting for their contestants, but they soon fell and the game was lost before the sixth inning was played. Patterson pitched a fair game notwithstanding that he allowed 10 hits to be registered against him. His support was good and the only excuse that can be offered as a cause for the defeat is that hits could not be placed by the locals. Maley played in right field and was the only man that pounded a hit. It amounted to naught, however. He died on second base, which was the farthest point reached by a local player.

Maley will pitch today's game and it is said that Wheeling is on the anxious seat as a result.

THE MARKET CLOSED HEAVY.

Not Far Above Lowest, Tuesday, Started With Rush but Came Away Again.

New York, July 16—Prices of stocks started upwards with a rush yesterday morning, apparently as an extension and a broadening of the buying movement which became conspicuous Monday in the grangers and Pacifics. There was an appearance of confident demand from new sources, and the open selling of the brokers which have been employed by the western contingent during the recent tide did not affect the strength of the market.

Two Wells Were Dusters.

Two dry holes in the Smith's Ferry oil field is a record that is not relished by old oil operators. On the Maddock farm, back of Smith's Ferry and between that town and Industry, a dry well was brought in a few days ago, while a duster was also brought in on the Dawson farm, quite near the Ferry. There are a number of good wells in the Dawson district. One of them is said to be producing 40 barrels a day, while another is credited with having a daily production of 60 barrels.

HE HARDLY KNEW GOOD OLD TOWN

John R. Andrews Talks of East Liverpool Changes in the Past 23 Years.

WENT AWAY WHEN A BOY

Has prospered in the West and comes back to find his home city has prospered, too—high praise for East Liverpool Enterprise.

Twenty-three years ago John R. Andrews, who has been visiting his uncle, Dr. Andrews, of Fourth street, for a few days, was one of East Liverpool's many young boys looking out on the future, hoping that some day the tides of fortune would certainly land him on the shore of affluence and perhaps fame.

The longer youthful John wrestled with the idea, the greater became his determination to mount up the ladder and win laurels for himself.

With this idea he went out into the great growing west, locating in Kansas City, and practically grew up with the country. Today he is the general manager of the Kansas City Daily Record, and also supervises the publication of two other of its newspaper enterprises, a contractors' and builders' paper and a legal paper, having entire charge of the workings of the three great plants. He is still a well-preserved and youthful man with every characteristic of the energy, hustle and vigor so noticeable in the makeup of citizens from western climes.

So John came back to East Liverpool Monday to look over the old familiar scenes of his boyhood days, when East Liverpool was a city of 6,000 inhabitants and the pottery industry had not yet made much impression on the life and industry of the town, and what a change he found—a hustling, busy city. He says on every corner some new surprise greeted his eager eye. East Liverpool had passed away beyond the idea he had formed of it while away in the great west, and those he had left behind when he emigrated away from the city. Old things had passed away, and this is what he says in tribute to his former boyhood home:

"I find more hustle and more characteristics of western enterprise than in any city in the east that I have visited; in fact, in even the great west with the exception of the southwest portions through Oklahoma and Texas, as towns are springing up like magic."

Mr. Andrews is a strong, educated and enthusiastic advocate of the interests of his adopted state, and talks most interestingly of its growth and future prospects. He reports the crops excellent, the fear having already passed away that any repetition of last year's failure would result.

In speaking of the future outlook of Kansas he says that work has already begun on the Mexico & Orient railway line, stretching from Kansas City to the Gulf of California in lower California, where a mammoth terminus will be built, and the cereals of the great southwest transported to tide water. The capital for building this transcontinental railway which is almost a bee-line through Kansas, New Mexico and Texas to the gulf, is furnished by capital from England and the Netherlands. He thinks that the isthmian canal may operate some against the feasibility of the project, but in the main it will prove a paying investment.

On other features of the state and entire west he is well informed, having visited in the interest of his publications the prominent cities of every portion of the country.

He departed last evening for Buffalo and will take a trip to Detroit and from there return to his field of work. He compliments the East Liverpool papers on their sprightly appearance, and was sorry he had not the opportunity of visiting and inspecting their plants.

MANUFACTURING OF WOOL.

Census Bureau Issued Figures on the Industry.

Washington, July 16.—The census bureau yesterday published a bulletin on the woolen manufacturers of the country, showing the condition of that industry for the census year 1900. The total capital invested was \$392,640, 553. This sum represents the value of land, buildings, machinery, tools and implements and the live capital utilized, but does not include the capital stock of any of the manufacturing corporations of the state. Man Killed Near Johnstown and Others Injured—More Men at Work in Cambria Mine.

Johnstown, Pa., July 16.—John Savach, a Slav, aged 36, was instantly killed; Roger Harvey, Sr., aged 55 seriously, and John Yells slightly injured by an explosion of dynamite in No. 34 mine of the Berwind-White Coal Mining company, at Windham about noon yesterday. Savach was preparing a stick of dynamite for use when, from some unknown cause, it exploded, together with 16 sticks which were lying nearby. Savach was blown to pieces.

Johnstown, Pa., July 16.—Mine inspectors Evans, Roby and Ross were in the Cambria Rolling Mill mine all forenoon yesterday, in the Klondike region, where last Thursday's explosion occurred. They reported things as going on well inside. They said the air was not yet in its proper course, due to the fact that workmen were still working on the various doors and that it would be a couple of days before these are finished.

Permanent doors were being put in again and these will require some time to finish, and it may be three or four days before ventilation gets started in the area covered by the explosion as it was before that fatal occurrence. No one will be allowed to go to work for the present in the Klondike region.

Chief Roderick, of the state bureau of mines, left Johnstown yesterday morning for his home in Hazleton. He will doubtless return for the coroner's inquest, which will be held on Wednesday, July 23.

Work was resumed in earnest at the mine yesterday morning, 160 men returning to their places. Monday's output was 342.71 tons, which is about 11 per cent of the usual amount of coal delivered daily to the works. Yesterday's output was about 400 tons. No more bodies were found yesterday.

Valuable Time Saved. Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison. For sale by Alvin H. Bulger.

RHODES' GIFTS TO AMERICANS.

Letters to States' and Territories' Officials—Trustees Hope to Have Students in 1903.

Washington, July 16.—Secretary Hay has forwarded to the commission of the District of Columbia a copy of a letter sent to other states and territories bearing on the American scholarships in Oxford university created by the will of the late Cecil Rhodes. The letter of the secretary settles the question in favor of the District being included, which the will did not mention. The secretary, in a communication, encloses a copy of a letter from Mr. Bourchier F. Hawley, representing the trustees of the will, in which he says:

"The trustees are desirous of making regulations with regard to the method by which qualifications of candidates are to be ascertained and slum in the corn market at Chicago and the belief that the integrity of the corn corner was threatened had much to do with the break in the market, as it was feared that liquidation would be forced in the stock market to protect the position in the corn market."

TRIAL OF THE NEW MAINE.

Builder's Test of the Battleship Was to Commence Today.

Philadelphia, July 16.—The new battleship Maine, built at Cramp's ship yard to replace the vessel destroyed in Havana harbor, started yesterday afternoon for her builder's trial trip off the Delaware capes.

The Maine was to remain at the Delaware breakwater last night and the test was to begin today. The specifications call for a speed requirement of 18 knots. The Maine is 388 feet long; beam 72 feet 2 1/2 inches; draught 23 feet 10 1/4 inches; displace 12,500 tons.

MAY GET GAYNOR AND GREENE

The Officials at Washington Were Hopeful.

Washington, July 16.—The officials here who are seeking to secure the extradition from Canada to this country of Greene and Gaynor were feeling more confident in the success of their efforts. The reason for their optimism is a change in the method of procedure, they having framed their application for the extradition of the men precisely in accordance with the language of the extradition treaty.

It was expected that the Canadian court thus will be relieved of the necessity of ruling on the objection made by the defendants that the crime charged in the indictment does not correspond with the treaty. Under the new application the court simply will be required to decide whether or not a prima facie case of receiving stolen money has been made out against Gaynor and Greene.

MANUFACTURING OF WOOL.

Census Bureau Issued Figures on the Industry.

Washington, July 16.—The census bureau yesterday published a bulletin on the woolen manufacturers of the country, showing the condition of that industry for the census year 1900. The total capital invested was \$392,640, 553. This sum represents the value of land, buildings, machinery, tools and implements and the live capital utilized, but does not include the capital stock of any of the manufacturing corporations of the state. The value of the products is returned at \$392,473,650, to produce which involved an outlay of \$9,580,233 for salaries of officials, clerks, etc.; \$82,201,244 for wages; \$23,929,797 for miscellaneous expenses, including rent, taxes, etc., and \$232,230,986 for materials, mill supplies, freight and fuel.

Value of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

The death of Nora Ferris at the
Delaware Industrial School for Girls is
to be further investigated. Somebody
will undoubtedly be made to suffer for
the cruelty practiced upon her, and
somebody ought. The report of the
committee of investigation appointed
by the governor shows that the girl
was not treated in a humane manner
because of some slight infringement of
the rules, and that she died while un-
dergoing punishment. Governor Nas-
sau turned the report of the committee
over to the attorney general with
instructions to begin criminal prosecu-
tion, and that official has now asked
the prosecutor of Delaware county to
bring the matter before the grand
jury, believing that Matron Sellers
should be indicted for manslaughter.
The matron is now in Chicago. She re-
fused to come to Ohio to testify at the
time the investigation was being con-
ducted, and will probably not come
now, except a requisition is issued for her.
The state administration does not
propose to use any whitewash in this
case, and is to be commended for the
promptness and determination with
which it is going to work to punish
those charged with cruelty to the
wards of the state.

Those who argue that trade does not
follow the flag will find it hard to ex-
plain recent figures from the treasury
department. These statistics show an
increase of over 500 per cent in our
trade with Porto Rico in four years. In
the same period exports to Hawaii
have jumped from \$5,000,000 to \$20,
000,000, and while we only sent
\$94,500 worth of goods to the Philip-
pines in 1897, the present year these
exports will amount to \$5,000,000. And
the best of it is that the percentage of
increase is likely to become still greater
as the magnificent resources of the
islands are developed. This is a sort
of expansion to which no wide-awake
American can take exception.

It was a newspaper item that solved

Some people forget to thank them, but
the journals keep up their useful work
just the same.

Toledo is complaining of the dis-
grace of having no signs at street cor-
ners to guide strangers. East Liver-
pool has been so long disgraced in the
same way that its people appear to
have settled down to the conclusion
that there is no help for it. But there
is a very simple remedy, and it should
be applied forthwith.

A machine for laying brick as fast

OBITUARY

Mrs. Mackall.

Mrs. Mackall, mother of Mrs. Boyd
of Calcutta road, died at the home of
her son-in-law on Calcutta road last
evening at 11:40 o'clock, as a result of
suffering a severe stroke of paralysis
last week. She was 75 years old and
was born on a farm located between
Georgetown and Hookstown. The fu-
neral services will be held at her late
home on Calcutta road tomorrow, the
interment being made at the Georgetown
cemetery in the afternoon.

Death of an Infant.

An infant child of Mr. and Mrs. Pat-
rick Savage, of 166 Avondale street
who died yesterday, was buried this
afternoon at St. Aloysius' cemetery.

RINEHART ARRESTED

The Liveryman Accused of Refusing
to Pay Bridge
Toll.

John Rinehart, the Second street
liveryman, was arrested by Chief Al-
lison in Chester last evening, on a
warrant sworn out by J. F. Paudley,
bridge officer, for refusing to pay toll,
it is alleged. Some few weeks ago
he gave bond for \$100, with T. P.
Cunningham as surety, for his appear-
ance before Squire Johnston July 23.

Rinehart was crossing the bridge and
had three passengers beside himself.
He, it is alleged, refused to pay toll
for one of them. He was stopped
by Paudley, but continued his way
across the bridge, pushing the watch-
man to one side. Hence the suit.
The warrant was sworn out June 30.

BIDS NOT ACTED UPON

Sewer Commission Again Failed to Get
Together on Time.

Bids for the sewerage of Thompson
avenue and Ravine street were filed in
the office of the sewer commission
yesterday before 1 o'clock, the time
designated in the order, but no action
was taken on them. What the bidders
want to know is why they were not
acted upon. Being filed legally and
upon the solicitation of the commis-
sion, they think it very strange that
they should be so disregarded.

The president of the commission
was out of the city and it seems that
the other members could not get to
gether.

Youngstown, July 16.—Judge Arrell
of Youngstown, will present the name
of James Kennedy, of this city, for
the nomination at the Republican con-
gressional convention to be held at Sa-

are very confident.

WITH THE WORKMEN IN THE CLAY PLANTS

[Special Correspondence.]
New Castle, Pa., July 16.—John
Monroe, who had charge of the mould
shop of the Shenango pottery, left a
few days ago for Titusville, where he
will remain several weeks for the pur-
pose of improving his health. He has
been ill for some time.

John T. Wood, treasurer of the Na-
tional Brotherhood of Operative Pot-
ters, paid a visit to the New Castle
friends last week. He was the guest
of Ralph Wood, formerly employed at
the Diamond pottery at East Liver-
pool as a presser.

Fred Gohner, who has been visiting
friends at Wheeling for several days,
has returned home. He is employed in
the new sanitary shop.

Fritz Gohner, of Wheeling, who re-
cently secured a bench at the sanitary
shop, will remove his family to this
city soon. His household effects are
expected in a few days.

The claymakers at the Shenango
pottery were off last Thursday and the
plant will close as soon as the clay on
hand is used up. It has been currently
reported that as soon as this is done
the company will use a new body of
clay. The new body is now being
made, and is reported a much better
body than that formerly used.

The China shop, which has been off
for a few weeks, will resume opera-
tions at once, and report says that the
plant will be kept in steady operation
until Christmas.

The New Castle Sanitary Pottery
company has just received a large order
for Pullman closets, and also a
very large order for the new pear
shape washstand. This plant had but
two days' loaf at the Fourth.

Jack Swingewood and Thomas Say-
ers were in New Castle a few days ago
visiting former East Liverpool friends.
The funeral services will be held at her late
home on Calcutta road tomorrow, the
interment being made at the Georgetown
cemetery in the afternoon.

Kilnmen's local No. 9, without doubt
is the largest union organization west
of the Allegheny mountains and east
of Chicago. The membership of this
local, which is the largest in the
Brotherhood, is 488, and all are in good
standing with but one or two exceptions.
Even these will soon be placed on
the good standing list. It is this
local which has the name of being the
father of all the other organiza-
tions, with but few exceptions. If
there is any trouble this local, it is
said, holds the key to the situation.
It has helped to form many other
locals now affiliated with the Broth-
erhood and is willing to do so whenever
the occasion demands. Its financial de-
partment is always open to any labor
organization in distress, provided the
cause is a worthy one, and for this the
local has achieved an excellent reputa-
tion.

There are very few kilnmen in
the city that are not members of this
association. When any other local in
the Brotherhood desires to increase
its membership through solicitation
through the shops the soliciting com-
mittee of No. 9 is as a rule called upon
for help which is always extended if
it is expedient.

Work has been resumed in the deco-
rating department of the Goodwin pot-
tery. The other parts of this plant
will not resume operations for several
days.

Jack Barnes, a kilnman at the Buck-
eye, is spending a few weeks' vaca-
tion at Atlantic City. He is expected
home the first of the week.

Bijgermen's local No. 12 met in
Brotherhood hall last evening, but
nothing but ordinary routine business
was considered.

L. W. Boulton, of the Klondike, em-
ployed at the National pottery, is very
ill at his home with typhoid mala-
ria.

Samuel Welsh and William Johnson,
kilnmen at the old end, are now work-
ing on the biscuit at the Buckeye.

WELLSVILLE

ITALIANS STILL WORKING

Order to Suspend Is Not Observed by Contractor Rinehart's Force.

The force of Italians employed by Contractor Rinehart to work on the streets, is still at work, though operations were ordered suspended pending the decision of the committee appointed to look into the matter. Contractor Rinehart realizes that they must be kept at work in order to prevent their departure. No objections have been made, since he has informed the city officials of the situation.

At Monday's special council meeting several members, including President Whitacre, declared after the vote had been taken on the appointment of a committee, that they were in ignorance of one detail of the motion. This detail provided for the suspension of work on street improvements. Mr. Whitacre declared afterward that, if his attention had been called to the provision, he would not have favored the motion. As matters stand at present there will likely be no interference by the city officials until the committee makes a report.

MET AND ORGANIZED

Committee on Street Improvements Held a Second Session.

The committee of council and citizens recently appointed at the direction of council, met in the city hall last evening and organized. None of the city officials were present except Solicitor Boyd, who gave the members his opinion on the paving situation. Every member was present. All other persons were excluded.

Thomas H. Silver was chosen chairman and Julius Goetz secretary. The entire question was discussed but farther than this nothing was done. The committee adjourned until tomorrow night, when they will again meet.

WIFE'S SAD STORY

Police Aid Implored Because Husband Had Brutally Beaten Her.

James Smith was arrested by Officer Houser and Chief Thornt last night, and lodged in the city prison. His wife, who is a hard-working woman, appeared before Mayor Fogo and told a pitiful story of maltreatment.

Her husband, she said, had beaten and assaulted her, and for her own protection she implored the mayor to take him in custody. He is still languishing behind prison bars.

Dogs Must Be Muzzled.

July 21 is the date usually given as the opening of dog days, and in a week all dogs in Wellsville must be muzzled. Such is the order of Mayor Fogo, and he is determined to enforce it to the letter. He issued a proclamation yesterday, calling upon the owners or harbormen of dogs to keep them muzzled on and after July 20. The officers have also been given instructions to enforce the rule to the limit, and certain death is in store for any dog without a muzzle after that date.

One Less Vicious Dog.

John Eldeneir, of Commerce street, until yesterday, had a dog which had a habit of snapping at passers-by. John Davis, whose home is on Main street, was badly bitten twice in the leg by the dog yesterday. It was feared the dog might have rabies, and the police were notified. Officer Davis shot the dog.

W. T. Tarbox is here from Cleveland.

A. L. Rea, of Dayton, is in Wellsville today.

C. F. Stewart is in the city from Salem.

The Twentieth Century club will hold a picnic soon.

H. A. Orrison, of Bellaire, is visiting friends in the city.

Charlie McConnell, of Sebring, is visiting relatives here.

James Nicholson, of Main street is in Pittsburgh for a few days.

Mrs. James Nixon of Empire, was a Wellsville visitor yesterday.

Mr. and Mrs. E. A. Whitacre are at Cleveland for a two weeks' visit.

Edward Bunting, of Main street, is about to leave for the Adirondacks.

Not a single arrest was made yesterday. The city was unusually quiet.

L. F. Fickes, well known in pottery circles, arrived yesterday from Trenton.

Miss Clara Kelly, of Cleveland, is visiting Miss Ida Haugh, of Main street.

Harry Davidson, employed at the rolling mill, is moving from Eighth street to the Whitacre flats.

Milton Rosenbaum, formerly of Wellsville, now of Pittsburgh, is visiting Julius Goetz and family.

Miss Elizabeth Johnson left yesterday for Chautauqua, N. Y., where she will remain during the summer. Her home is in Congo.

Misses Blanche and Ethel Butler, of Main street, Miss Nell Davis, and Mrs. Riddle will leave tonight on the Queen City for Cincinnati.

Work has begun on the new building for the Adams Express company headquarters, just north of the Third street depot. It will be a two story frame building.

Work on Maple alley is still progressing as usual, and a force of men are at work preparing to pave the alley. Cleaning up is their chief task.

The Sunday school of the First Presbyterian church will meet after prayer meeting this evening to decide upon the time and place of holding its picnic.

Corydon Arnold has returned from the Adirondack mountains, called by a telegram, as his grandmother, Mrs. Clara Arnold, was very ill. She is improving.

Mr. and Mrs. J. J. Dowling left yesterday to be absent several days. Mr. Dowling goes on a business trip to Vanport, while his wife will visit friends in Pittsburgh.

The Olympia club, of Pittsburgh, 75 strong, passed through Wellsville last evening, bound for Edison Beach, near Port Huron, Mich. They were in a special car, and expect to have an enjoyable trip.

The ladies' home and foreign mission societies of the First Presbyterian church will hold a meeting in the church parlors on Front street, Thursday evening. A pleasing literary program will be rendered.

But the giddy young thing who was talking to the captain was a good sailor and didn't mind a bit of rough weather.

"Doesn't it seem unnecessarily cruel, captain?" she said, "to box a compass?"

"Not any more so, miss," he replied grimly, "than to paddle a canoe."

And the ship groaned some more.

GOT A BAD FALL

An Italian Laborer at the Chester Mill Seriously Injured.

An Italian who was unloading coal on one of the tipplers at the Chester mill, fell from the trestle, a distance of 8 feet this morning. He was badly hurt, perhaps internally, but with the assistance of Captain George Conn and others, was taken to his shanty on Marks' run.

Dr. Lewis, of Chester, was called, and attended his injuries.

Fitzpatrick Getting Well.

Thomas Fitzpatrick, the smallpox patient, is improving rapidly. He was taken up a looking glass by Health Officer Allison, and when he looked at himself said he did not think his girl would care to see him now. No new cases have developed.

Freight Business Rushing.

It was pay day on the New Cumberland branch yesterday. Freight traffic is exceedingly heavy, and crews at Steubenville are sent out over the main line on Sunday, especially those employed on the branch, so great is the rush.

CORN CORNER WAS TERMINATED.

Estimated That Gates and Company Made About \$1,500,000 in Deal.

Chicago, July 16.—The famous John W. Gates corner in July corn came to an abrupt termination yesterday when it became known that shorts to the extent of a good many million bushels had effected private settlements with Harris, Gates & Co., and that the deal was at an end so far as the steel magnate was concerned.

The July price responded to the settlement by a quick drop of 15%, from 80c to 65c. Later it recovered a fraction and closed at 65c, substantially the price of the cash article.

To form an estimate of the apparent profit by the deal would necessitate a knowledge of the average price at which the property was bought. This can never be known unless some time later Mr. Gates chooses to divulge. It is estimated, however, by close observers of the transaction that Mr. Gates' profit will not exceed \$1,500,000. This amount will be divided up between 10 or a dozen mill-bonaires who were interested in the deal. Mr. Gates and his friends have between 4,000,000 and 5,000,000 bushels of cash corn which they must dispose of before the corner can be called absolutely settled. This corn represents the "corpus" which in every corner ever run has been the stumbling block to success. If the average price of the Harris-Gates holding should prove well up to the 70 cent point, the click had on hand several million bushels of corn, which cost its holders in excess of the present market price. Right here is the salient point. Will it be necessary to market this large holding of corn at less than 60c?

The corner as one time promised many millions of profit, and the farmer whose well-filled cribs line the tracks of every railroad entering Chicago, is held responsible for the disappointing ending of the corner.

The farmer did not take advantage of the situation until the price got up in the seventies, and when it reached 70 cents, the Chicago market was deluged with cash corn. For awhile the Harris-Gates people kept the market cleaned up, but steadily increasing quantities kept coming in, and the prospect of loading up with a lot of 60 cent corn, which might not be able later to dispose of at over 60 cents, became somewhat appalling. Without warning, they withdrew all support, settled with the shorts and closed the deal.

By the breaking of an incline rope at a quarry near Butler, Pa., a car containing two Italian laborers was dropped down the side of a 500-foot hill. Peter Giannetti was killed, but his companion escaped by jumping.

A gas well near Punxsutawney, Pa., which was considered of no account two years ago and was plugged has blown out the plug and is sending forth a 1,600-pound pressure of gas.

GRAND AUCTION SALE WITH FREE PRIZE LOTS

The Chester Rolling Mill Company and the South Side Land Company who own 90 per cent. of the desirable property

IN CHESTER, W. VA.

WILL PLACE ON THE MARKET

OVER **3000** LOTS

THURSDAY, JULY 24,

Beginning at 10 a. m. and 2 p. m.

When A Man Invests IN A LOT OR IN A HOME

He wants to feel reasonably sure that he is doing so where he has a reasonable chance of receiving fair returns for his money.

WHAT ARE THE CHANCES IN CHESTER, W. VA.?

A little over two years ago there was no such a town on the map. Today it is one of the busiest little cities in the great Ohio valley, with a population of 3,000 and growing at a rapid rate. In its location and its surroundings, its present condition and future prospects it has the making of a great and prosperous city. Some of those who invested in Chester property at the start have realized as high as 100 per cent. on their money. These profits have not been the result of years of waiting, but of merely a few months.

Investigate For Yourself.

You will find that Chester is situated in almost the northern point of the Panhandle of West Virginia. It is reached by a branch of the Panhandle rail road, connecting with the main line at New Cumberland Junction some 18 miles southward. This line is shortly to be extended up the Ohio river to a connection with the main line of the Ft. Wayne Railroad and the great Pennsylvania system, reaching Pittsburg and the great eastern centers.

What are the Advantages?

A FEW OF THEM ARE LEVEL, STREETS PAVED, SEWERED AND ADORNED WITH FLAGSTONE SIDE-WALKS, SEWERAGE AND BEAUTIFUL SHADE TREES; A SYSTEM OF WATER WORKS WHICH FURNISHES PURE, FILTERED WATER, ADEQUATE TO THE NEEDS OF ALL POLICE AND FIRE PROTECTION; A DOUBLE TRACK STREET RAILWAY WHICH IS EQUAL TO ANY IN THE COUNTRY. NATURAL GAS, CHEAP AND ABUNDANT. MANUFACTURING PLANTS:— A MODEL TIN PLATE MILL, FURNISHING EMPLOYMENT TO 800 PERSONS; TWO LARGE POTTERIES, EMPLOYING MORE THAN 400 PERSONS EACH, WITH OTHER INDUSTRIES ABOUT TO BE ESTABLISHED.

In addition there are good stores and all the minor industries of a prosperous city. There are also good schools, good churches and good society. The scenery is unmatched for attractiveness in all the Ohio valley. Thousands of persons flock to the neighboring pleasure resort, the Famous Rock Springs Park, daily during the summer and strangers invariably go away voting it one of the pleasantest spots along the river.

Better Opportunities

Are presented for the realization of profits. Why? Land is still cheap, compared with the prices charged in other towns of the same size. Chester is not a boom town. Its growth, although rapid, has been substantial and along conservative lines. It is both a manufacturing town and a city of homes. Hundreds of new houses were erected last season; the same record will be repeated this year, probably on a greater scale.

THE CITY OF EAST LIVERPOOL!

persons who work or have business in East Liverpool find Chester a more agreeable place for residence. Taxes are not high, and the advantages are all that could be asked. None of these statements are overdrawn. Some of the most desirable property in this thrifty and beautiful spot is shortly to be sold at auction. There will be bargains for those who seek them. At sales of this character no one can have an advantage. Lots will be sold to the highest bidders; those who buy will know what they are getting and if they see no bargain in the property offered they are not asked or expected to bid. We do not desire to have customers unless they are satisfied.

A Fortune Is Not Needed

To enable you to have a share in the advantages and the profits. You can start with a few dollars now and you will not need to wait long to double your money.

CHOICE LOTS FREE

With every 100 lots sold, one lot will be given away absolutely free, to some one person among those who have made purchases of one or more of the lots at this sale. One purchaser stands as good a chance as an other of securing this prize, it matters not whether he has purchased one lot or ten. A committee of reputable citizens will be selected and they will decide to whom the prize lots shall fall.

Choice New Property

will be offered at the coming sale—not lots which have been hawked about, vainly seeking a purchaser. There are over 800 of these lots which are now offered for the first time; everyone of them desirable either as residence property or as a location for business.

Remember the Date of this

Great Sale Thursday July 24.

Beginning at 10 a. m. and 2 p. m.

The undersigned invite friends from all this section to come and be their guests on that date. Come and see what we have, then you can decide whether you care to invest. Depend upon it, there is money in Chester property and if you become an investor you will be satisfied with the returns.

HERE is always more or less enjoyment in seeing others made happy. In case you do not see your way clear to become a buyer get a trolley ticket and come over to the sale anyway, listen to the good music which we shall furnish. Regale yourself with the refreshments served and see your neighbor made happy in his new possessions. But after all the terms of this sale are so easy, a deposit only of \$10 on each lot at time of purchase. That there is not one thrifty person in all of this section who will not become an owner of some portion of this excellent property. High Class Residences

We have them in all parts of the city. They are generally occupied by their owners.

For reasons that are obvious to all owners of fine properties they do not want general publicity made of the fact that their "home" property is for sale. These properties we are ever ready to tell you of on condition that you evince enough interest to make inquiry of us. You'll never get prices or particulars in our advertising columns of them. Don't think that we cannot suit you. Try us. Further, we'll save you money.

300 Dwellings For Sale.

Have you ever seen our mammoth For Sale List? If not call and get one, or send us your address and we will mail you a copy. When you come to us you have a selection of properties to choose from representing three-fourths of all the properties on sale in the city. We make it profitable to do business through us. Give us 20 minutes of your time; if we don't interest you, we'll say no more about it. We make terms of purchase to suit you.

Many inquiries have been received in East Liverpool by the gentlemen who are to hold the great auction sale of lots in Chester, W. Va., Thursday, July 24. The terms offered are so liberal and the chances of making large profits in investments in Chester so well understood that it is no wonder the announcement that 800 of the best lots in that town are to be at once placed on the market attracts general attention.

The liberal offer of a lot absolutely free with every 100 lots sold is naturally arousing much interest and it looks as if there would be a number of these prizes to be awarded. The people of the upper Ohio valley have all heard of Chester and of its marvelous growth. Two years and a half ago its site was farm land and sparsely populated. Today it is a busy and prosperous manufacturing city with every prospect of doubling its present population of 3,000 within the next year and a half.

The men interested in the Chester Rolling Mill Company and the Southside Land Company, both of whose holdings are to be offered at the coming lot sale, are among the most substantial and best known citizens of East Liverpool and Chester. They will be glad to welcome all comers and to show them the attractions and interesting features of the town, whether they come to invest or merely to look around.

Nobody as yet who has invested in Chester property has had any cause to complain, and numerous investors who made small purchases within the past two years now find that the value of their possessions has doubled. There are better opportunities now than ever before for profitable investments of this sort, and only a \$10 bill is required to start with.

There will undoubtedly be crowds at the land sales on July 24, both morning and afternoon. There will also be free music and generous entertainment. If further information is desired by those who intend to come on that date, Geo. H. Owen & Co., J. E. McDonald or C. A. Smith, all of East Liverpool, sales agents for the Chester property, will gladly furnish it.

AN EXCITING RUN

Made by a Team Attached to An Ice Wagon—Nobody Injured.

An exciting runaway took place at 7 o'clock this morning on Washington street. E. M. Davis' ice wagon team, which was standing in front of the Criterion restaurant became frightened by the wagon pushing down against them, the brake lock being defective.

The horses started at breakneck speed down the Washington street hill, passing the C. & P. tracks, and turning a sharp corner near the Potters' Supply company's plant, they were brought to a standstill by the presence of some wagons in their path. They made the exciting run without accident or further incident. A large crowd witnessed the frightened team careening down the thoroughfare.

TWO RUNAWAYS

Pony Rig and a City Team Made a Wild Dash Simultaneously.

The pony hitched to a fine trap belonging to George Parry, of the Albion house, broke loose and ran away this afternoon at 1:30 on the Calcutta road and about the time the animal reached the Horn switch at the junction of Calcutta and Lincoln avenues, a city team, driven by Ed Cochran, came tearing down Lincoln avenue, and could not be stopped by the driver Cochran.

Both tore across the Horn switch and just missed the pony engine No. 693. Pat Woods stopped the city team on East Market street and Parry's team was finally checked on the same street. Parry's trap was badly damaged.

A Surprise Party.

MANAGER NORRIS' OPERA HOUSE BOOKINGS FOR NEXT SEASON.

Much Better Shows Engaged Than Those Which Were Here Last Year.

Manager James Norris, of the opera house, announced today that the house in this city would be opened for the season of 1902-03 about September 1. A good list of attractions have already been booked; in fact, many are first class and much better than appeared here last season. The following is a partial list of those that have already been booked, although there is some open time yet to be filled for which negotiations are now pending:

One night stands: "Hearts of Gold," "The Way of the Wicked," "Davida Harum," John W. Vogel's Minstrels, "Mr. Plaster of Paris," "The Roxy Boy," "Two Little Waifs," "The Evil Eye," "Prisoner of Zenda," "Indiana Folk," "Our New Minister," "East Lynne," "When We Were Twenty-one," "York State Folks," "The Missouri Girl," "Arizona," "The Fatal Wedding," "A Thoroughbred Tramp," "Way Down East," "Uncle Josh Sprucey," Julie Walters in "Side Tracked," "Are You a Mason?" "Ten Nights in a Bar Room," "Katzenjammer Kids," "Eight Bells," "Sporting Craze," "The Christian," "A Marriage Vow," "A Royal Slave," "San Toy," "New York Day by Day," "Just Struck Home," "For Home and Honor," "A Hidden Crime," Al G. Field's Minstrels, "Alaska," "Hunting for Hawks," Haverly's Minstrels.

William A. Brady's production of "Way Down East" has been booked and will be one of the attractions in the entire list.

The following are some of the week stands that have been secured: Chester De Von; Garfield Camp, East Liverpool, one week; King Dramatic company, Chicago Stock company, Bennett-Morlton company; Himmelman's Ideals and Irene Myers.

A number of other attractions will be booked, but their contracts have not yet arrived.

COMING BALL GAME

East Liverpool And the Junctons, of Pittsburg, Will Contest Here Tomorrow.

If the base ball game scheduled to be played in West End park tomorrow afternoon by the local team and the Junctons, of Pittsburg, is half as good as the games played by the two teams last year, it will be well worth witnessing. The Junctons have probably the best reputation of any team in the Pittsburg district.

The lineup for both teams follows: Junctons—Taylor, short; Nichols, third; Glover, middle; Fohl, catcher; Bencher, second; Cunningham, left; Frank, first; Cable, right; Douglass, pitcher.

East Liverpool—Reark, middle; Maag, short; Berry, first; Harker, second; Heckathorn, left; Davis, third; Farrel, catcher; Webb, right; Maley, pitcher.

Both tore across the Horn switch and just missed the pony engine No. 693. Pat Woods stopped the city team on East Market street and Parry's team was finally checked on the same street. Parry's trap was badly damaged.

A Pleasing Musical.

Messrs. Hatch and Vanceok, of the opera house orchestra of this city, attended a musical at the home of Mr. and Mrs. Richard Everson, Front street, Wellsville, Monday evening, given by their daughter, Miss Florence, who is music teacher in the East Liverpool schools. A violin solo was rendered by Mr. Vanceok, "Souvenir de Bellini," and was most favorably received. Miss Everson contributed a number of pleasing solos and Messrs. Vanceok and Hatch some fine instrumental music.

BROUGHT LEGAL ACTION

To Get His Son Out of the Employ of a Circus Company.

Before Squire McLane W. W. Bridge, the bill poster, appeared yesterday afternoon and filed an affidavit for the collection of a sum of money from the Water Circus company, the money he alleged being rightfully his, owing to the fact that the company had in his employ his son William, who is under age. It was really not because he wanted the money that he filed the affidavit, but rather because he thought that by so doing he could get his boy released from the employ of the company.

The youngster recently engaged with the company as bill poster without his father's consent and without warning left the city to perform the work assigned in towns and cities down the river. Mr. Bridge needs the boy to help him at home. Discovering that the lad was at work in Toronto he telephoned the police there yesterday and asked them to arrest the boy, if necessary, and send him home. The police found him, but it is said that they allowed him to escape and that he is now in hiding in New Cumberland.

With the affidavit and accompanied by Mr. Bridge, Constable Powell went to the manager of the company last evening and held him of the intention of attaching the boy until the boy's wages were paid to the father. The manager said he did not want the boy working for him against the wishes of the parent and agreed to at once discharge him.

That settled the case, Bridge withdrawing the affidavit. The boy has not been heard from today, and it is not known when he will return.

Back from Tennessee.

Gus Martin and family, who four years ago removed to Tullahoma, Tenn., have returned to the city, where they will reside. Mr. Martin was not satisfied with the conditions in Tennessee and decided that this city was better. He states that James Dixon, formerly a well known butcher in this city, is also at Tullahoma, and that he is in the best of health. Dixon, it is said, expects to return to the city during the fall for the purpose of visiting old friends.

The lineup for both teams follows:

Junctons—Taylor, short; Nichols, third; Glover, middle; Fohl, catcher; Bencher, second; Cunningham, left; Frank, first; Cable, right; Douglass, pitcher.

Both tore across the Horn switch and just missed the pony engine No. 693. Pat Woods stopped the city team on East Market street and Parry's team was finally checked on the same street. Parry's trap was badly damaged.

The exhibits will include everything in agriculture and stock, and will be first-class in every particular. One striking feature of the races will be the riding of two pacing horses by Rex and Mack, two educated dogs from Palatine Bridge, New York. Other pleasing features will also be brought to the park.

A Surprise Party.

Fourteen members of the Rechabite lodges of East Liverpool tendered Mr. and Mrs. W. H. Douglass, of Boydville, a surprise last night, by calling at their home. The party was treated to refreshments, and spent an enjoyable evening.

If you are going from home for a week or more be sure to have The News Review sent you and thus keep posted on home events.

Change of address may be made as often as desired. When a change is ordered the old as well as the new address should be given.

DRIVEN TO SUICIDE BY POVERTY'S SPUR

Mrs. Berger, Whose Body Was Taken From the River Here, the Wife of a Once Prominent and Wealthy Man.

AGED HUSBAND'S GRIEF ON VIEWING REMAINS.

A mystery of three days was conclusively solved when aged John Berger, of Atwood street, Oakland, Pittsburgh, arrived in this city at 7:33 last evening and identified the body of the drowned woman, which had been lying at John Rinehart's undertaking rooms since Sunday, as that of his missing wife.

The story which led to her suicide is an unusually sad one. Mr. Berger was once a wealthy furniture dealer, residing in Allegheny. He was also an enthusiastic astronomer, and for a number of years maintained a large private observatory at his home on Perryville avenue. There it was his delight to meet young people who had a desire to learn and give them free instruction in natural science.

Mr. Berger made several inventions and improvements in telescopes that attracted much attention. He was also much interested in microscopy and a man of ripe scholarship.

Misfortune overtook him some ten years ago and he appears of late to have lived in poverty. Mr. Berger stated that his wife was undoubtedly mentally deranged on account of his financial troubles. He said:

"We had no money to live on. Late

ly I went to work in a furniture repair shop, but the workmen there were so disagreeable that I had to give up the place. Then I went to a furniture establishment in which I once had a fourth interest, and offered to work for \$10 a week, but they said they had no vacancy. On Saturday I had only a loaf of rye bread in the house and had no money to get anything else with. That doubtless had a great deal to do with my wife taking the step

PASSENGER TRAIN STRUCK A FREIGHT

Noon Train For Pittsburgh Runs Into Rear of a Freight at Industry.

PASSENGERS BADLY SCARED

Several of Those in the Rear Coach Slightly Injured by Broken Glass. Seven Freight Cars Derailed and Partially Wrecked.

Much excitement was caused in this city this afternoon by a report that the noon train from Cleveland to Pittsburgh had been wrecked at Industry and several persons seriously injured. It turns out that the passengers were badly scared, but none dangerously hurt.

The eastbound passenger train No. 336, going at a good speed, ran into the rear end of a freight train. The accident happened on a curve in the road and the engineer not being informed of the freight train being on the track, was powerless to prevent the collision.

As a result seven freight cars were derailed and wrecked, but no one was badly injured. There was a report in circulation in the city that several people were badly hurt if not killed. The report gave rise to much alarm, as the train carried a number of passengers from East Liverpool. Telephonic advice from Industry state that a few received minor injuries in the rear passenger coach, as the result of flying glass.

The pilot of the passenger engine was wrecked, but further than that no damage was done to it. Traffic was delayed for several hours, the Wellsville wreck train being the only one summoned.

Elks vs. Y. M. C. A.

The B. P. O. E. base ball team will play the Y. M. C. A. team next Friday evening. Both aggregations have been practicing diligently and are evenly matched. They will play for blood and good time is promised. The lineup of the former team will be as follows: McNutt, catcher; Heddleston, pitcher; Bright, first; Lewis, second; Baxter, short; Smith, third; Anderson, left; Orr, middle; Buxton, right.

Objected to Working With Boys.

M. A. Lacher, business agent of Lathers' local No. 58, of this city, says there are 139 locals of the lathers in the United States. He further states that the trouble originated with the local and Contractor Johnston by the latter hiring, as they allege, a number of boys to do the work, and they refused to work under those conditions. They say contractors can furnish all the union men wanted if necessary.

Salineville Pastor Charges Church Members With Slander-

Legislators Say His Scheme Will Not Satisfy the Cities of Ohio.

WARRANTS SWORN OUT A LONG STAY NECESSARY

And a Constable Left Today to Make Arrests—It Is Expected That Other Arrests Will Follow—The Charges Made by the Pastor.

For the Law Makers at Columbus If They Adopt the Plan Suggested By Assistant Attorney General Todd, Higher Rate For Canal Water.

Sensational proceedings were commenced this morning in Wellsville when Rev. E. W. Rinehart, pastor of the Disciple church at Salineville, appeared before Squire Riley and had a warrant issued for the arrest of Rodney Griffith and wife, members of his congregation.

Malicious libel is the charge preferred against the couple by the minister. In filing the bill of particulars he states that the accused have been circulating by the use of the mail and other ways, demoralizing reports about his character, saying that he had been guilty of immoral conduct.

Constable Spires was detailed to make the arrests and left at noon for Salineville for that purpose. He will likely return this evening and in so doing the case will be heard by the squire at once. It is said that Rev. Mr. Rinehart will have more warrants issued in a few days for the arrest of others of his congregation who, he thinks, have been maligning him.

To Perfect Arrangements for the Eighteenth District Congressional Convention.

Lisbon, July 16.—(Special)—Judge J. P. Fawcett, chairman of the congressional committee for the Eighteenth district, has called a meeting of the committee at Salem on Friday next to perfect arrangements for the convention on July 23.

The committee is composed of J. P. Fawcett, E. H. Turner, of Youngstown, and Ed A. King, of Lisbon.

Thomas Bott's Will.

Lisbon, July 16.—(Special)—The will of Thomas Bott, of East Liverpool, has been filed for probate.

Columbus, July 16.—(Special)—In a letter to a personal friend in Columbus Speaker Pro Tem Comings, who will introduce the new code bill in the house, as member and chairman of the municipal affairs committee, says that the governor's plan cannot pass the lower branch. He says that the greater number of the cities of the state and more than a majority of the people want home rule. A number of other representatives were interviewed yesterday, among them being such prominent state administration men as Hypes, Denman and others and Senator Wilhelm, who is regarded as an insurgent. The consensus of opinion of those who were approached on the matter was that the governor's plan of city government will not be tried in Ohio this year.

According to President Frank J. Hoffman, of the state board of public works, there is to be a general increase in the rate for water service from the canals. The board was in conference Tuesday with the special canal commissioners, A. W. Thurman and A. B. Franklin, and it was agreed that a general increase is necessary. The increase has not been determined, but it has been decided that the new rate will not be an arbitrary one. It was stated that a Cincinnati brewery which has been paying the state \$300 for canal water every year is willing to raise the rate to \$600, while the Goodrich people of Akron are said to have signified a willingness to do likewise. The increase will be general, but it will probably range from 25 to 100 per cent.

If the extra session of the legislature follows the plan suggested by Assistant Attorney General Todd, the lawmakers will be in Columbus a long time. Mr. Todd points out the fact

CHASED A LITTLE GIRL THROUGH CITY STREETS

Pretty Bessie Gaston, the little 12-year-old daughter of Mr. and Mrs. William Gaston, of Fifth street, had a very exciting experience this morning while on an errand for her mother. She was innocently walking along Fourth street near the Central school building when a man of a brutal aspect rudely accosted her, and wanted her to stop and talk with him.

He being a stranger, she became very much frightened, and started on a run down the street, finally turning into the postoffice for protection. Waiting there for a few minutes she again started on her way home, and did not see anything of the stranger until she reached Fifth street, when he again approached her. This time she gave

vent to her fright by loud screams, and ran at the top of her speed, the villain in close pursuit. At the corner of Fifth street and Market she, in despair, ran upon the lawn of the First U. P. church. Quite a crowd having been attracted by her cries, the man gave up the chase, and before anyone realized the situation, he was allowed to escape.

The police were notified and are on the lookout for the brute, who is described as follows: Tall, slender, dark complexion, brown suit of clothes, black hat and 30 years of age. It is thought that he is the same man who badly frightened several little girls on Fourth street recently by trying to entice them into an alley.

COMPLAINTS WELL BASED

What Business Men Say About Telegraph and Express Service Here.

MUCH DELAY IN DELIVERING

According to the Statements of Those Who Deal With Companies.

MATTERS AS BAD AS CAN BE

Employes of the Adams Express company in this city having taken exceptions to some of the criticisms pronounced upon the company's way of doing business in an article published in this paper the other day, telling of the shortcomings of the express and telegraph service in East Liverpool, a News Review reporter spent some time among business men yesterday to learn their experiences. A large number of them were quite as emphatic as the business man quoted the other day in condemning both the express and the telegraph companies for the inadequate service given in this city.

A member of a large clothing firm located in the vicinity of Fifth street, stated to the reporter that the service given by the Adams Express company in this city was bad. The firm had telephoned a number of times for express packages, which had been left lying in the office at the depot for over a day. They had no particular complaint to make about the service of the Western Union, but thought it could be improved upon by the removal of the office uptown to a convenient location.

A prominent hardware merchant while not desirous to be quoted, thought much improvement could be made by the removal of both the telegraph and express offices to a central point in the city.

A well known clerk in one of the largest furnishing stores in the central part of the city, was very emphatic in his complaint about the Adams Express service. He had occasion to inquire by telephone about a package for a very widely known lady of this city, and after numerous telephone calls during almost an entire week found the package snugly enconced in the office at the depot. He expressed himself to the officials of the company in language most emphatic. The lady is so well known and her address was so plainly marked on the package that it would have been little trouble for the officials following the usual rule of express companies elsewhere to notify her by postal. As it was the matter caused her considerable woe in the supposed delay.

A member of the firm says a night service should be established at the telegraph office to better the service. An official of one of the most prominent potteries in the city is emphatic in his declaration that the express service is very bad, both in sending and returning business, and his company had had a great deal of trouble in this regard. "It could not be worse," said the official in ending the interview.

Other well known firms of the city on being approached in the matter say that competition would be welcome, and that a central location would be an improvement and most desirable change. They were of the opinion that both the telegraph and express service could certainly be greatly improved upon.

A prominent furniture dealer, centrally located, says he has experienced considerable difficulty in sending telegrams, has often been rebuffed by answers that the operators were busy on the lines and could not attend to the messages, and oftentimes has been compelled to take the messages to the office. The same trouble has happened with the express company in regard to packages.

A well known dry goods firm, on one of the leading thoroughfares, had considerable complaint to make about the delivery of packages by the express company. He had two cases now pending with the company where charges were collected at the point of shipment and again collected on delivery. He has not yet received any redress in the matter.

Another large dry goods firm, one of the best in the city, say they have been put to great inconvenience at times by the telegraph service, especially at night, and also in the absence of a Sunday service. The service was not sufficient, but could possibly be remedied by an up-town office.

IN JAIL A MONTH

BUT A WEDDING CEREMONY WILL RELEASE HIM.

Parents' Consent to the Union Probable After Much Tribulation.

After allowing their boy to lie in jail for nearly a month because they would not consent to his marrying a girl who had preferred a charge against him, Mr. and Mrs. John Prudence are endeavoring to get their son released. Action was brought against young Prudence by Nora Halfhill, an employe at Manley's restaurant, who came from Gallipolis. Both agreed to marry, but the parents of the boy refused their consent.

Mrs. Prudence was later taken very sick and removed to a hospital at Pittsburgh. She now thinks that she is going to die and does not want to leave the world with her boy in jail. The county clerk was telephoned to this morning in regard to the marriage license, and he informed the attorney for the parents that it will be necessary to get the signature of both before the license can be issued. The attorney left on the noon train for Pittsburgh to get the signature of the mother. It is likely that the marriage will be performed in this city this week.

MET HEAD ON

TWO TRAINS COLLIDED AT STEUBENVILLE TODAY.

Crews Escaped By Jumping—Cars Piled Up, But No One Injured.

C. & P. train No. 95, west bound, and train No. 86, running east, collided head on, at Steubenville at about 8:05 this morning. Both trains were running at a high rate of speed, and both engines were derailed and damaged. Seven cars were piled on the track.

The blame for the wreck lies with the crew of No. 75, who had overlooked their orders and run the train beyond the clearance point. The dispatching force at Wellsville is not blamed. Both engineers and firemen saved their lives by jumping, but not in time to prevent the accident.

Wrecking trains succeeded in clearing the tracks by noon, and traffic was only slightly delayed. If the men of the men of the two crews had been riding on the cars immediately following the engines, they would have been killed instantly. No one was injured.

A BIG IMPROVEMENT

Which Is to Be Made at West End Pottery—Large New Brick Building.

The West End Pottery company has had architect Fritz, of Fourth street, prepare plans for the erection of a large main building of brick fronting on Eighth street and extending from Mill to Eighth streets. The structure is intended to be three stories in height, of brick, and 200 feet in length, and will be used for a decorative department.

For some time the company has been trying to purchase a piece of the property of William Anderson, of Mill street, in order to proceed with the erection of this building. It is at present beginning the erection of four new glost and biscuit kilns, and when the main structure is completed will erect a number of decorative kilns. The entire plans have not as yet been fully completed.

WORK COMMENCED

On the New McKinley School Building in the Bradshaw Addition.

Work upon the new McKinley school has commenced, and it will be but a few days now until the stone foundation will be started. The excavating has been going on for some time, and this part of the contract is almost completed.

The new school house is expected to be presented to the school board by the contractors not later than December 1.

AN UNLUCKY DAY FOR EAST LIVERPOOL

The Boys Were Defeated at Wheeling Without Gaining Even One Run.

PUZZLED BY THE PITCHER

The Nail City Twirler a Wonder—Maley Scheduled to Pitch Today—The Reason for the Defeat—Maley Got the Only Hit Made.

East Liverpool suffered a shutout at Wheeling yesterday. It was all because the boys could not understand the twisters delivered by Jimmy Lucas, the young Wheeling pitcher, who will before many years make himself famous in the base ball world. He put them over in a style never before witnessed by a Wheeling crowd. Of his marvelous work a correspondent writes:

"He created four different records. First, only 30 of the East Liverpool batters faced him; second, only one hit was made off his delivery; third, but one man succeeded in getting as far as second base and lastly in the seventh inning it was only necessary to pitch three balls to retire the side. The combination of these feats perhaps creates a national record. Lucas' wing seemed to be oiled to perfection and at no time was the ball out of his control. He didn't give any base on balls nor hit a batter, and but two balls were hit out of the infield.

"In fact, the young twirler served up his curves in such shape that ad the Chicago Americans or Pittsburgh Nationals beeing hitting at them, the result would probably have been the same. The East Liverpool boys strove hard to pound the ball safely, but there was nothing doing. Their four errors were due more to demoralization than anything else as a result of their hopeless task in trying to solve Jimmy's twisters."

During the first part of the game the locals made things exceedingly interesting for their contestants, but they soon fell and the game was lost before the sixth inning was played. Patterson pitched a fair game notwithstanding that he allowed 10 hits to be registered against him. His support was good and the only excuse that can be offered as a cause for the defeat is that hits could not be placed by the locals. Maley played in right field and was the only man that pound a hit. It amounted to naught, however. He died on second base, which was the farthest point reached by a local player.

Maley will pitch today's game and it is said that Wheeling is on the anxious seat as a result.

THE MARKET CLOSED HEAVY.

Not Far Above Lowest, Tuesday.
Started With Ruch, but Gave Away Again.

New York, July 16—Prices of stocks started upwards with a rush yesterday morning, apparently as an extension and a broadening of the buying movement which became conspicuous Monday in the grangers and Pacifics. There was an appearance of confident demand from new sources, and the open selling of the brokers which have been employed by the western contingent during the recent rise did not affect the strength of the market. This gave rise to the conviction that large capitalists who have hitherto held aloof from the market were coming in prepared to continue the upward movement of stocks. There was active realizing in Missouri Pacific and in a few other stocks under cover of this strength, and the whole market ultimately gave way.

There was a momentary check to the downward movement effected by a rally in Missouri Pacific to a point over Monday night, but the market gave way again and receded generally to below Monday night's level, with only a few stocks resisting the downward tendency. The market closed heavy and not far above the lowest. Among the late points of strength were Amalgamated Copper, the United States Steel stocks, the Chicago and Alton stocks and Toledo, St. Louis and Western preferred. The advance in Amalgamated Copper was in expectation of action on the dividend today. The Steel stocks responded fractionally to the showing in the brief filed in reply to the suit against the company's bond conversion plan, including affidavits from the corporation's officials bearing on the value of the assets.

Two Wells Were Dusters.

Two dry holes in the Smith's Ferry oil field is a record that is not relished by old oil operators. On the Maddock farm, back of Smith's Ferry and between that town and Industry, a dry well was brought in a few days ago, while a duster was also brought in on the Dawson farm, quite near the Ferry. There are a number of good wells in the Dawson district. One of them is said to be producing 40 barrels a day, while another is credited with having a daily production of 60 barrels.

New Parsonage Nearly Ready.

The official board of the Erie street M. E. church held an important meeting at the church last evening, at which several business matters connected with the erection of the new parsonage on Erie street were considered. This new residence is now being completed, and will be ready for occupancy within two months. A number of carpenters are working, and the building will soon be under roof.

His Cellar Flooded.

The cellar of the home occupied by Dr. W. M. Calhoun, of Virginia avenue, was partially flooded this morning by the bursting of a water pipe. Dr. Calhoun was just going down the cellar steps when the pipe burst, the water being thrown all over the cellar. Before it could be turned off there were several inches of water in the basement.

Recovering From Illness.

Mrs. C. L. Byron, of 546 Lincoln avenue, Chicago, Ill., is President of the Chicago German Woman's Club. She has the following to say of Peruna, the great catarrh remedy, which relieved her of a serious case of catarrh of the bladder:

Peruna Medicine Co., Columbus, O.:
Gentlemen—“I was cured of a very severe case of bladder trouble which the doctors did not know how to reach. I had severe headache and dragging pains with it, but before the second bottle was used I felt much relieved, and after having used the fifth bottle life looked different to me. This was nearly a year ago, and I have had no recurrence of the trouble. I cannot praise Peruna too highly.”—MRS. C. L. BYRON.

Free Home Advice.
In view of the great multitude of women suffering from some form of female disease and yet unable to find any cure, Dr. Hartman, the renowned specialist on female catarrhal diseases, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months without charge.

Those wishing to become patients should address The Peruna Medicine Co., Columbus, Ohio.

Americans Invited to Palace.

Christiania, Norway, July 16.—The United States warships Illinois, Chicago and Albany, were decorated yesterday and joined with the other ships in firing a salute on the arrival here of King Oscar II. His majesty invited Rear Admiral Crowninshield and his staff and the commanders of the Chicago and Albany to dine at the palace on Thursday, July 17.

HE HARDLY KNEW GOOD OLD TOWN

John R. Andrews Talks of East Liverpool Changes in the Past 23 Years.

WENT AWAY WHEN A BOY

Has Prospered in the West And Comes Back to Find His Home City Has Prospered, Too—High Praise for East Liverpool Enterprise.

Twenty-three years ago John R. Andrews, who has been visiting his uncle, Dr. Andrews, of Fourth street, for a few days, was one of East Liverpool's many young boys looking out on the future, hoping that some day the tides of fortune would certainly land him on the shore of affluence and perhaps fame.

The longer youthful John wrestled with the idea, the greater became his determination to mount up the ladder and win laurels for himself.

With this idea he went out into the great growing west, locating in Kansas City, and practically grew up with the country. Today he is the general manager of the Kansas City Daily Record, and also supervises the publication of two other of its newspaper enterprises, a contractors' and builders' paper and a legal paper, having entire charge of the workings of the three great plants. He is still a well preserved and youthful man with every characteristic of the energy, hustle and vigor so noticeable in the makeup of citizens from western states.

So John came back to East Liverpool Monday to look over the old familiar scenes of his boyhood days, when East Liverpool was a city of 6,000 inhabitants and the pottery industry had not yet made much impression on the life and industry of the town. And what a change he found—a hustling, busy city. He says on every corner some new surprise greeted his eager eye. East Liverpool had passed away beyond the idea he had formed of it while away in the great west, and those he had left behind when he emigrated away from the city. Old things had passed away, and this is what we say in tribute to his former boyhood home:

“I find more hustle and more characteristics of western enterprise than in any city in the east that I have visited; in fact, even the great west with the exception of the southwest portions through Oklahoma and Texas, where towns are springing up like magic.”

Mr. Andrews is a strong, educated and enthusiastic advocate of the interests of his adopted state, and talks most interestingly of its growth and future prospects. He reports the crops excellent, the fear having already passed away that any repetition of last year's failure would result.

In speaking of the future outlook of Kansas he says that work has already begun on the Mexico & Orient railway line, stretching from Kansas City to the Gulf of California in lower California, where a mammoth terminus will be built, and the cereals of the great southwest transported to tide water. The capital for building this transcontinental railway when is almost a bee-line through Kansas, New Mexico and Texas to the gulf, is furnished by capital from England and the Netherlands. He thinks that the isthmian canal may operate some against the feasibility of the project, but in the main it will prove a paying investment.

COUNTY AND NEIGHBORHOOD

Lisbon is planning a big Labor day celebration.

William Stahl, an Alliance carpenter, fell 25 feet into a cellar and was badly hurt.

Will O. Kerr, aged 39, is dead at Wellsville. Service in the Philippines impaired his health.

Harvey A. Wadsworth and his wife, nee Caroline A. Cummings, this week celebrated their golden wedding at Windham.

William Lewis, aged 60, the missing Niles man, was found dead in a creek. He had evidently been knocked from the B. & O. trestle by a train.

Frank Gill, who was alleged to have murdered an Italian in Mingo, died in the Steubenville hospital, whence he had been removed from the jail.

A man and a woman confined in the Steubenville lockup climbed to the upper part of the building and through a trap door to the roof and escaped.

A nine-year-old son of Jacob Barcus at Steubenville accidentally shot himself in the neck, narrowly missing the jugular vein. The wound is not dangerous.

Lewis and Henry Lair, two brothers, were struck by a west bound freight train at Louisville Monday evening. Both were rendered unconscious. Henry may die.

RHODES' GIFTS TO AMERICANS.

Letters to States' and Territories' Officials—Trustees Hope to Have Students in 1903.

Washington, July 16.—Secretary Hay has forwarded to the commissioners of the District of Columbia a copy of a letter sent to other states and territories bearing on the American scholarships in Oxford university created by the will of the late Cecil Rhodes. The letter of the secretary settles the question in favor of the District being included, which the will did not mention. The secretary, in his communication, encloses a copy of a letter from Mr. Bourchier F. Hawley, representing the trustees of the will, in which he says:

“The trustees are desirous of making regulations with regard to the method by which qualifications of candidates are to be ascertained and slum in the corn market at Chicago and the belief that the integrity of the corn corner was threatened had much to do with the break in the market, as it was feared that liquidation would be forced in the stock market to protect the position in the corn market.

TRIAL OF THE NEW MAINE.

Builder's Test of the Battleship Was to Commence Today.

Philadelphia, July 16.—The new battleship Maine, built at Cramp's ship yard to replace the vessel destroyed in Havana harbor, started yesterday afternoon for her builder's trial trip of the Delaware capes.

The Maine was to remain at the Delaware breakwater last night and the test was to begin today. The specifications call for a speed requirement of 15 knots. The Maine is 387 feet long; beam 72 feet 2 1/2 inches; draught 23 feet 10 1/4 inches; displace 12,500 tons.

MAY GET GAYNOR AND GREENE

The Officials at Washington Were Hopeful.

Washington, July 16.—The officials here who are seeking to secure the extradition from Canada to this country of Greene and Gaynor were feeling more confidence in the success of their efforts. The reason for their optimism is a change in the method of procedure, they having framed their application for the extradition of the men precisely in accordance with the language of the extradition treaty.

It was expected that the Canadian court thus will be relieved of the necessity of ruling on the objection made by the defendants that the crime charged in the indictment does not correspond with the treaty. Under the new application the court simply will be required to decide whether or not a prima facie case of receiving stolen moneys has been made out against Gaynor and Greene.

The death of Nora Ferris at the
Delaware Industrial School for Girls is
to be further investigated. Somebody
will undoubtedly be made to suffer for
the cruelty practiced upon her, and
somebody ought. The report of the
committee of investigation appointed
by the governor shows that the girl
was not treated in a humane manner
because of some slight infringement of
the rules, and that she died while un-
dergoing punishment. Governor Nash
turned the report of the committee
over to the attorney general with in-
structions to begin criminal prosecu-
tion; and that official has now asked
the prosecutor of Delaware county to
bring the matter before the grand
jury, believing that Matron Sellers
should be indicted for manslaughter.
The matron is now in Chicago. She re-
fused to come to Ohio to testify at the
time the investigation was being con-
ducted, and will probably not come
now, except a requisition is issued for her.
The state administration does not
propose to use any whitewash in this
case, and is to be commended for the
promptness and determination with
which it is going to work to punish
those charged with cruelty to the
wards of the state.

Those who argue that trade does not
follow the flag will find it hard to ex-
plain recent figures from the treasury
department. These statistics show an
increase of over 500 per cent in our
trade with Porto Rico in four years. In
the same period exports to Hawaii
have jumped from \$5,000,000 to \$20,
000,000, and while we only sent
\$94,597 worth of goods to the Philip-
pines in 1897, the present year these
exports will amount to \$5,000,000. And
the best of it is that the percentage of
increase is likely to become still greater
as the magnificent resources of the
islands are developed. This is a sort
of expansion to which no wide-awake
American can take exception.

Marconi claims to have sent wireless
signals 1,400 miles and to have re-
ceived complete messages from a point
850 miles distant. Marconi is evidently
just beginning his self-appointed
task of astonishing the world.

It was a newspaper item that solved
the mystery of the disappearance of
Mrs. Henry Berger, of Pittsburgh, and
led to the identification of the un-

known woman found drowned in this
city. Newspapers are constantly per-
forming public services of all sorts.
Some people forget to thank them, but
the journals keep up their useful work
just the same.

Toledo is complaining of the dis-
grace of having no signs at street cor-
ners to guide strangers. East Liver-
pool has been so long disgraced in the
same way that its people appear to
have settled down to the conclusion
that there is no help for it. But there
is a very simple remedy, and it should
be applied forthwith.

A machine for laying brick as fast
as six or seven skilled men can do the
work is the latest invention. The hod
carrier's "man at the top" may soon
be hunting a job, but building opera-
tions will be cheapened.

The multiplicity of code bills prom-
ised will make the legislators wish
they had given the matter attention
when such productions were fewer.

E. G. Rathbone was received at his
home in Hamilton, O., with public
demonstrations. Hamilton is certainly
peculiar.

Gates' corn corner was a good thing
for Gates. Nobody else is likely to
have a kind word for it.

The East Liverpool base ball team
will feel like avoiding Wheeling here-
after.

Bandit Tracy must be qualifying for
a six-days' walking match.

OBITUARY

Mrs. Mackall.

Mrs. Mackall, mother of Mrs. Boyd
of Calcutta road, died at the home of
her son-in-law on Calcutta road last
evening at 11:40 o'clock, as a result of
suffering a severe stroke of paralysis
last week. She was 75 years old and
was born on a farm located between
Georgetown and Hookstown. The fu-
neral services will be held at her late
home on Calcutta road tomorrow, the
interment being made at the George-
town cemetery in the afternoon.

Death of an Infant.

An infant child of Mr. and Mrs. Pat-
rick Savage, of 166 Avondale street
who died yesterday, was buried this
afternoon at St. Aloysius' cemetery.

RINEHART ARRESTED

The Liveryman Accused of Refusing
to Pay Bridge Toll.

John Rinehart, the Second street
liveryman, was arrested by Chief Al-
lison in Chester last evening, on a
warrant sworn out by J. F. Pauley,
bridge officer, for refusing to pay toll,
it is alleged. Some few weeks ago
he gave bond for \$100, with T. P.
Cunningham as surety, for his appear-
ance before Squire Johnston July 23.

Rinehart was crossing the bridge
and had three passengers beside him-
self. He, it is alleged, refused to pay
toll for one of them. He was stopped by
Pauley, but continued his way
across the bridge, pushing the watch-
man to one side. Hence the suit.
The warrant was sworn out June 30.

BIDS NOT ACTED UPON

Sewer Commission Again Failed to Get
Together on Time.

Bids for the sewering of Thompson
avenue and Ravine street were filed in
the office of the sewer commission
yesterday before 1 o'clock, the time
designated in the order, but no action
was taken on them. What the bidders
want to know is why they were not
acted upon. Being filed legally and
upon the solicitation of the commis-
sion, they think it very strange that
they should be so disregarded.

The president of the commission
was out of the city and it seems that
the other members could not get
together.

Youngstown, July 16.—Judge Arrel,
of Youngstown, will present the name
of James Kennedy, of this city, for
the nomination at the Republican con-
gressional convention to be held at Sa-

are very confident.

Bitten by a Dog.

B. H. Conley, superintendent of the
Presbyterian mission Sunday school,
Avondale street, now attending Wooster
university, was bitten on the knee by a
vicious dog belonging to the people
with whom he boarded at Wooster.
The wound is not a serious one.

WITH THE WORKMEN
IN THE CLAY PLANTS

[Special Correspondence.]

New Castle, Pa., July 16.—John
Monroe, who had charge of the mould
shop of the Shenango pottery, left a
few days ago for Tiffin, where he
will remain several weeks for the pur-
pose of improving his health. He has
been ill for some time.

John T. Wood, treasurer of the Na-
tional Brotherhood of Operative Pot-
ters, paid a visit to his New Castle
friends last week. He was the guest
of Ralph Wood, formerly employed at
the Diamond pottery at East Liver-
pool as a presser.

Fred Gollner, who has been visiting
friends at Wheeling for several days,
has returned home. He is employed in
the new sanitary shop.

Fritz Gollner, of Wheeling, who re-
cently secured a bench at the sanitary
shop, will remove his family to this
city soon. His household effects are
expected in a few days.

The claymakers at the Shenango
pottery were off last Thursday and the
plant will close as soon as the clay on
hand is used up. It has been currently
reported that as soon as this is done
the company will use a new body of
clay. The new body is now being
made, and is reported a much better
body than that formerly used.

The China shop, which has been off
for a few weeks, will resume opera-
tions at once, and report says that the
plant will be kept in steady operation
until Christmas.

The New Castle Sanitary Pottery
company has just received a large order
for Pullman closets, and also a very
large order for the new pear-
shape washstand. This plant had but
two days' loaf at the Fourth.

Pinch Swingwood and Thomas Say-
ers were in New Castle a few days ago
visiting former East Liverpool friends,
now employed in the potteries here.

Kilnmen's local No. 9, without doubt
is the largest union organization west
of the Allegheny mountains and east
of Chicago. The membership of this
local, which is the largest in the
Brotherhood, is 458, and all are in good
standing with but one or two exceptions.

Even these will soon be placed
on the good standing list. It is this
local which has the name of being
the father of all the other organiza-
tions, with but few exceptions. If
there is any trouble this local, it is
said, holds the key to the situation.
It has helped to form many other
locals now affiliated with the Broth-
erhood and is willing to do so whenever
the occasion demands. Its financial de-
partment is always open to any labor
organization in distress, provided the
cause is a worthy one, and for this the
local has achieved an excellent reputation.

Price Toothman, formerly bench
boss on the biscuit at the Thomas
China pottery at Lisbon, has resigned
his position. He is one of the new
kilnmen that can be found on the bis-
cuit at the old end.

Work has been resumed in the de-
corating department of the Goodwin pot-
tery. The other parts of this plant
will not resume operations for several
days.

Jack Barnes, a kilnman at the Buc-
keye, is spending a few weeks' vaca-
tion at Atlantic City. He is expected
home the first of the week.

Jiggermen's local No. 12 met in
Brotherhood hall last evening, but
nothing but ordinary routine business
was considered.

L. W. Boulton, of the Klondike, em-
ployed at the National pottery, is very
ill at his home with typhoid mala-
ria.

Samuel Welsh and William Johnson,
kilnmen at the old end, are now work-
ing on the biscuit at the Buckeye.

RIVER NOTES.

SUES ON AN ACCOUNT.

Lisbon, July 16.—(Special)—
Arthur Brooks, of Kinzua, Pa., has en-
tered suit in common pleas court
against Walter G. Roller, of Kensing-
ton, for \$198.75, claimed to be due on
an account for lumber.

Order of Sale Issued.

Lisbon, July 16.—(Special)—
The order of sale has been issued by
Judge Boone to Thomas McCartney as
executor of the estate of Caroline Mc-
Laughlin, late of Center township, for
two tracts of land in Center township.

Raised a Disturbance.

Upon the solicitation of his family
Adam Booth, of Third street was ar-
rested this morning by Officer Dunn
for being drunk and offering violence
at home. He will be given a hearing
tonight.

For Sale.

For the next ten days I will offer
for sale three houses, which are well
located and does not take a fortune
to buy. Now is your opportunity to
get a cheap home.

is completed.

William Reilly has for some time
been employed as a kilnman at the
Shenango pottery at New Castle. He
thought East Liverpool was a better
pottery town and he came here Monday.
He has now a steady job with
Aaron Coleman on the biscuit end at
the new end, commencing work this
morning.

Announcement is made of the mar-
riage of Miss Irene Hendricks, a flan-
isher at one Vodrey plant, to J. Dalton
Dalton, a sticker-up at the United States
pottery at Wellsville, last Monday.
The young couple are well known in
this city and have the best wishes of
a large circle of friends.

Luke Barlow, a native of England,
who arrived in this city a few months
ago, and who shortly after his arrival
in the city secured employment as a
dipper at the National, has decided
that he would like kiln work better
and has obtained a position at Wallace
and Chetwynd's.

T. P. Golding, of the Golding Sons
company, of Wilmington, Del., spent
some days in East Liverpool this
week. He reports the prospects for
fall trade most excellent. His firm
is the only one of pottery interests located
in Wilmington.

Frederick Webb, a biscuit kilnman
at the Buckeye, has been unable to
work for several days on account of
ill health. It is thought he will be able
to return to his bench by next Monday.

Price Toothman, formerly bench

WELLSVILLE
ITALIANS STILL WORKING

Order to Suspend Is Not Observed by Contractor Rinehart's Force.

The force of Italians employed by Contractor Rinehart to work on the streets, is still at work, though operations were ordered suspended pending the decision of the committee appointed to look into the matter. Contractor Rinehart realizes that they must be kept at work in order to prevent their departure. No objections have been made, since he has informed the city officials of the situation.

At Monday's special council meeting several members, including President Whitacre, declared after the vote had been taken on the appointment of a committee, that they were in ignorance of one detail of the motion. This detail provided for the suspension of work on street improvements. Mr. Whitacre declared afterward that, if his attention had been called to the provision, he would not have favored the motion. As matters stand at present there will likely be no interference by the city officials until the committee makes a report.

MET AND ORGANIZED

Committee on Street Improvements Held a Second Session.

The committee of council and citizens recently appointed at the direction of council, met in the city hall last evening and organized. None of the city officials were present except Solicitor Boyd, who gave the members his opinion on the paving situation. Every member was present. All other persons were excluded.

Thomas H. Silver was chosen chairman and Julius Goetz secretary. The entire question was discussed but farther than this nothing was done. The committee adjourned until tomorrow night, when they will again meet.

WIFE'S SAD STORY

Police Aid Impaired Because Husband Had Brutally Beaten Her.

James Smith was arrested by Officer Houser and Chief Thorn last night, and lodged in the city prison. His wife, who is a hard-working woman, appeared before Mayor Fogel and told a pitiful story of maltreatment.

Her husband, she said, had beaten and assaulted her, and for her own protection she implored the mayor to take him in custody. He is still languishing behind prison bars.

Dogs Must Be Muzzled.

July 21 is the date usually given as the opening of dog days, and in a week all dogs in Wellsville must be muzzled. Such is the order of Mayor Fogel, and he is determined to enforce it to the letter. He issued a proclamation yesterday, calling upon the owners or harbormasters of dogs to keep them muzzled on and after July 20. The officers have also been given instructions to enforce the rule to the limit, and certain death is in store for any dog without a muzzle after that date.

One Less Vicious Dog.

John Eldeneir, of Commerce street, until yesterday, had a dog which had a habit of snapping at passers-by. John Davis, whose home is on Main street, was badly bitten twice in the leg by the dog yesterday. It was feared the dog might have rabies, and the police were notified. Officer Davis shot the dog.

GOT A BAD FALL

An Italian Laborer at the Chester Mill Seriously Injured.

An Italian who was unloading coal on one of the tipples at the Chester mill, fell from the trestle, a distance of 8 feet, this morning. He was badly hurt, perhaps internally, but with the assistance of Captain George Conn and others, was taken to his shanty on Marks' run.

Dr. Lewis, of Chester, was called, and attended his injuries.

Fitzpatrick Getting Well.

Thomas Fitzpatrick, the smallpox patient, is improving rapidly. He was taken up a looking glass by Health Officer Allison, and when he looked at himself said he did not think his girl would care to see him now. No new cases have developed.

Freight Business Rushing.

It was pay day on the New Cumberland branch yesterday. Freight traffic is exceedingly heavy, and crews at Steubenville are sent out over the main line on Sunday, especially those employed on the branch, so great is the rush.

Another Church Picnic.

The Fifth U. P. church of Allegheny came in by the C. & P. on a special train of 10 coaches this morning for picnic at Rock Springs park.

LOOK OUT

CORN CORNER WAS TERMINATED.

Estimated That Gates and Companions Made About \$1,500,000 In Deal.

Chicago, July 16.—The famous John W. Gates corner in July corn came to an abrupt termination yesterday when it became known that shorts to the extent of a good many million bushels had effected private settlements with Harris, Gates & Co., and that the deal was at an end so far as the steel magnate was concerned.

The July price responded to the settlement by a quick drop of 15 1/4 c. from 80c to 65 1/4 c. Later it received a fraction and closed at 65 1/2 c., substantially the price of the cash article.

To form an estimate of the apparent profit by the deal would necessitate a knowledge of the average price at which the property was bought. This can never be known unless some time later Mr. Gates chooses to divulge. It is estimated, however, by close observers of the transaction that Mr. Gates' profit will not exceed \$1,500,000. This amount will be divided up between 10 or a dozen millionaires who were interested in the deal. Mr. Gates and his friends have between 4,000,000 and 5,000,000 bushels of cash corn which they must dispose of before the corner can be called absolutely settled. This corn represents the "corpus" which in every corner ever run has been the stumbling block to success. If the average price of the Harris-Gates holding should prove well up to the 76 cent point, the click had on hand several million bushels of corn, which cost its holders in excess of the present market price. Right here is the salient point. Will it be necessary to market this large holding of corn at less than it cost?

The corner as one time promised many millions of profit, and the farmer whose well-filled cribs line the tracks of every railroad entering Chicago, is held responsible for the disastrous ending of the corner.

The farmer did not take advantage of the situation until the price got up in the vicinity, and when it reached 90 cents, the Chicago market was deluged with cash corn. For awhile the Harris-Gates people kept the market cleaned up, but steadily increasing quantities kept coming in, and the prospect of loading up with a lot of 80 cent corn, which they might not be able later to dispose of at over 60 cents, became somewhat appalling.

Without warning, they withdrew all support, settled with the shorts and closed the deal.

By the breaking of an incline rope at a quarry near Butler, Pa., a car containing two Italians was dropped down the side of a 500 foot hill. Peter Giannetti was killed, but his companion escaped by jumping.

A gas well near Punxsutawney, Pa., which was considered of no account two years ago and was plugged 18 months ago, was opened and gas was torn the derrick to pieces and is sending forth a 1,600-pound pressure of gas.

New subscribers come in by scores unsolicited. This attests the News Review's popularity.

The Chester school board will meet in the Central building next Saturday to open bids for the new school building at Brooklyn.

IN CHESTER, W. VA.

WILL PLACE ON THE MARKET

OVER

800

LOTS

THURSDAY, JULY 24,

Beginning at 10 a. m. and 2 p. m.

When A Man Invests IN A LOT OR IN A HOME

He wants to feel reasonably sure that he is doing so where he has a reasonable chance of receiving fair returns for his money.

WHAT ARE THE CHANCES IN CHESTER, W. VA.?

A little over two years ago there was no such a town on the map. Today it is one of the busiest little cities in the great Ohio valley, with a population of 3,000 and growing at a rapid rate. In its location and its surroundings, its present condition and future prospects it has the making of a great and prosperous city. Some of those who invested in Chester property at the start have realized as high as 100 per cent. on their money. These profits have not been the result of years of waiting, but of merely a few months.

Investigate For Yourself.

You will find that Chester is situated in almost the northern point of the Panhandle of West Virginia. It is reached by a branch of the Panhandle rail road, connecting with the main line at New Cumberland Junction some 18 miles southward. This line is shortly to be extended up the Ohio river to a connection with the main line of the Ft. Wayne Railroad and the great Pennsylvania system, reaching Pittsburg and the great eastern centers.

What are the Advantages?

A FEW OF THEM ARE LEVEL, STREETS PAVED, SEWERED AND ADORNED WITH FLAGSTONE SIDE-WALKS, SEWERAGE AND BEAUTIFUL SHADE TREES; A SYSTEM OF WATER WORKS WHICH FURNISHES PURE, FILTERED WATER, ADEQUATE TO THE NEEDS OF ALL POLICE AND FIRE PROTECTION; A DOUBLE TRACK STREET RAILWAY WHICH IS EQUAL TO ANY IN THE COUNTRY. NATURAL GAS, CHEAP AND ABUNDANT. MANUFACTURING PLANTS:—A MODEL TIN PLATE MILL, FURNISHING EMPLOYMENT TO 800 PERSONS; TWO LARGE POTTERIES, EMPLOYING MORE THAN 400 PERSONS EACH, WITH OTHER INDUSTRIES ABOUT TO BE ESTABLISHED.

In addition there are good stores and all the minor industries of a prosperous city. There are also good schools, good churches and good society. The scenery is unmatched for attractiveness in all the Ohio valley. Thousands of persons flock to the neighboring pleasure resort, the Famous Rock Springs Park, daily during the summer and strangers invariably go away voting it one of the pleasantest spots along the river.

Better Opportunities

Are presented for the realization of profits. Why? Land is still cheap, compared with the prices charged in other towns of the same size. Chester is not a boom town. Its growth, although rapid, has been substantial and along conservative lines. It is both a manufacturing town and a city of homes. Hundreds of new houses were erected last season; the same record will be repeated this year, probably on a greater scale.

THE CITY OF EAST LIVERPOOL!

persons who work or have business in East Liverpool find Chester a more agreeable place for residence. None of these statements are overdrawn. Some of the most desirable property in this thrifty and beautiful spot is shortly to be sold at auction. There will be bargains for those who seek them. At sales of this character no one can have an advantage. Lots will be sold to the highest bidders; those who buy will know what they are getting and if they see no bargain in the property offered they are not asked or expected to bid. We do not desire to have customers unless they are satisfied.

A Fortune Is Not Needed

To enable you to have a share in the advantages and the profits. You can start with a few dollars now and you will not need to wait long to double your money.

CHOICE LOTS FREE

with every 100 lots sold, one lot will be given away absolutely free, to some one person among those who have made purchases of one or more of the lots at this sale. One purchaser stands as good a chance as an other of securing this prize, it matters not whether he has purchased one lot or ten. A committee of reputable citizens will be selected and they will decide to whom the prize lots shall fall.

Choice New Property

will be offered at the coming sale—not lots which have been hawked about, vainly seeking a purchaser. There are over 800 of these lots which are now offered for the first time; everyone of them desirable either as residence property or as a location for business.

Remember the Date of this

Great Sale Thursday July 24.

Beginning at 10 a. m. and 2 p. m.

The undersigned invite friends from all this section to come and be their guests on that date. Come and see what we have, then you can decide whether you care to invest. Depend upon it, there is money in Chester property and if you become an investor you will be satisfied with the returns.

HERE is always more or less enjoyment in seeing others made happy. In case you do not see your way is clear to become a buyer get a trolley ticket and come over to the sale anyway, listen to the good music which we shall furnish. Regale yourself with the refreshments served and see your neighbor made happy in his new possessions. But after all the terms of this sale are so easy, a deposit only of \$10 on each lot at time of purchase. That there is not one thrifty person in all of this section who will not become an owner of some portion of this excellent property. AS MITCHELL SAYS.

So Miners' Convention at Indianapolis Will Likely Do.

OPERATORS WILL NOT YIELD.

Rev. Father Curran So Informed by President Baer—Other Magnates Stated Only Way Was For Men to Return to Work.

Indianapolis, July 16.—Not a sufficient number of delegates to the miners' national convention had arrived last night to make it possible to form anything approaching an accurate forecast of the action of the convention. From the talk of such delegates as had arrived it was evident that President Mitchell will dominate the convention completely. He was expected to arrive this morning.

Among the anthracite miners who had arrived here sentiment seemed strongly against a strike of the bituminous miners. They said that a strike of the soft coal miners would not help them to obtain an agreement from the anthracite operators. One argued it would be poor policy to get soft coal miners to break their contract. He said it was true that there were many delegates among the anthracite miners who are anxious for a general strike, but the anthracite men were not a unit on that point.

New York, July 16.—At an informal conference of the presidents of the anthracite roads yesterday the anthracite strike was discussed. There were present President Baer, of the Philadelphia and Reading railroad; President Underwood, of the Erie; President Fowler, of the New York, Ontario and Western, and President Truesdale, of the Delaware, Lackawanna and Western railroad. It was learned, The Times was to say today, that the Rev. Father J. J. Curran, of Wilkesbarre, Pa., who called on President Baer at Philadelphia on Monday, was so much disengaged with the result of his efforts that he will make no further attempts at settlement and will not try to see any of the other operators.

President Fowler, of the New York, Ontario and Western road, said, according to the same authority:

"There will be no concessions on the part of the operators of any kind or description. There can be no settlement except by the men returning to work. Nothing that will happen can change our attitude on these points."

Similar statements were made by Messrs. Baer and Truesdale.

SOFT COAL EXCHANGE.

Representatives Decide to Form a Permanent Organization.

New York, July 16.—Representatives of about 30 firms that ship soft coal from this port met yesterday and determined to form a permanent organization of the trade. The new organization will be known as the Bituminous Coal association, and the idea is to open permanent headquarters in this city with an ultimate view to opening and maintaining a bituminous coal exchange. A committee was appointed to draft constitution and by-laws and to obtain signatures. This committee will report at a meeting which is to be held a week from today.

George D. Harris, a large individual operator, was elected permanent president of the association and J. J. Van Pelt was chosen secretary. Mr. Harris said that in all about 60 per cent of the coal shippers at this port were represented.

STEEL COMBINE ANSWERS SUIT.

Affidavit of Schwab Shows Immense Assets and Earnings—One Complainant Owns No Stock.

Newark, N. J., July 16.—The answer of the United States Steel corporation to the suit brought by J. Aspinwall Hodge, William H. Curtiss and Bernard Smith, who asked for an injunction to prevent the company from carrying out its bond conversion plan, was filed yesterday before Vice Chancellor Emery. When the case came up before the vice chancellor it was put over until July 23. The answer is sworn to by Charles M. Schwab, as president. The answer contains the following, in part:

Great Assets and Large Profits.

These assets, it is stated, include 400 producing mills of the value of

\$700,000,000; 75 blast furnaces of the value of \$48,000,000; iron and Bessemer ore properties of the value of \$700,000,000; coal and coke properties of the value of \$100,000,000; natural gas fields of the value of \$20,000,000; cash in bank to the amount of \$66,000,000, and over \$80,000,000 of materials in process of manufacture. The total value of the company's property, including cash and cash assets, is placed at \$1,400,000,000 by Mr. Schwab in an affidavit, which is part of the corporation's reply. The company's earnings are stated to be at the rate of more than \$140,000,000 a year. A saving of \$30,000,000 a year is credited to the ore properties, and it is estimated that the ownership of transportation facilities saves the company \$10,000,000 annually. The earnings of the coal and coke properties are stated to be more than \$7,000,000 a month. These statements as to values and earnings were presented to disprove a charge by the plaintiffs that Mr. Schwab, the president, and Mr. Trimble, the secretary, made a false certificate when they certified that in their judgment the properties were worth at least the par value of the preferred stock after deducting all indebtedness. The corporation declares it has no knowledge that Hodge is the owner of 100 shares of its preferred stock, but admits that in August, 1901, 100 shares of preferred stock was transferred to his name on the company's books.

One Complainant Not a Stockholder.

It is denied that William H. Curtiss is the owner of any of the company's stock, and it is declared that Bernard Smith is the holder of 200 shares of preferred stock, which was transferred to him on June 26, 1902. The conversion plan was agreed upon at a stockholders' meeting on May 19. The answer admits that the conversion plan includes a payment of \$10,000,000 to J. P. Morgan & Co. It denies that any of the acts contemplated will work fraud or injury to the complainants, but says that on the contrary such acts, when consummated, will be greatly to the benefit of the corporation and of every stockholder.

Fred B. Blinn, assistant secretary of the Hudson Trust company, the corporation's transfer agent, made affidavits. In one affidavit Mr. Blinn says that Bernard Smith gave his address as 278 West One Hundred and Fifteenth street, New York, but that there is no such house. An order for dividends sent to Smith at that address, Mr. Blinn was returned by the postoffice department.

STRIKE APPARENTLY BROKEN.

Officials of Three Roads Settled With Their Freight Handlers, at Chicago.

Chicago, July 16.—At a conference last night, between a committee representing the men in the Lake Shore freight houses and the officials of the road, a settlement of the differences was effected and the men were to go to work this morning. The strikers said this meant all the roads will sign the same agreement. The adjustment was brought about by Chairman Job of the State Board of Arbitration. The basis of the settlement for wage was:

clerks for the first three months, \$55; check, transfer and receiving clerks after first three months, \$60; delivery clerks for first three months, \$50; after that period, \$55; storers per hour for first three months, 18 cents and after three months, 18½ cents; callers, first three months 17 cents and after that 18 cents per hour; truckers per hour 18½ cents; three months 18 and after three months, 17 cents.

The Lake Shore men had no differences as to overtime.

The officials of the Northwestern and Nickel Plate roads also held conferences with committees of their men and agreements were reached similar to that between the Lake Shore and its employes.

Meetings of all the unions connected with the controversy were held last night and it was difficult to predict what action would result. The general supposition, however, while the meetings were in progress, was that today would see the end of the strike. A portion of the men wanted those who had reached an agreement with their roads to remain out until all the road should come to terms. The majority of the strikers were said to be opposed to this, and would it was said, return to work as fast as a settlement could be made.

BILLS FOR LATE PRESIDENT.

Those Connected With Assassination to Be Paid by Cortelyou.

Oyster Bay, N. Y., July 16.—President Roosevelt passed a quiet day at his Sagamore Hill home yesterday. An incident of the afternoon was a reception and tea given on the official yacht Mayflower by Mrs. Roosevelt to the members of the St. Hilda branch of the ladies' auxiliary of Christ Episcopal church.

Shortly after noon yesterday Secretary Cortelyou left for Washington. While in Washington he will complete arrangements with the local committees of the various cities the president will visit on his New England and Northwestern trip and with the railroad companies. He also will adjust and pay all bills contracted in connection with the assassination of President McKinley, including those of the surgeons who attended him.

Gibbons to Attend Feehan's Funeral.

Baltimore, July 16.—Cardinal Gibbons left yesterday afternoon for Chicago, where he will attend the funeral of Archbishop Feehan, which will take place in the Cathedral of the Holy Name in that city tomorrow morning. Several of the minor clergy of Baltimore will also attend the funeral.

EUCHARIST IS FIRST.

Pope Declares It Central Doctrine of the Catholic Church.

SACRAMENT CHRIST'S BODY.

He Strives to Eradicate Vain Fears and Hostile Prejudices—Priests Should Promote With Might and Glory Most Holy Eucharist.

New York, July 16.—Copies of the encyclical letter to Pope Leo XIII on "The Most Holy Eucharist" were received by many of the Roman Catholic clergy in this city yesterday. The document is an exhaustive one.

He presents the blessed eucharist as the central doctrine of the Catholic worship, and he particularly strives to eradicate all traces of what are termed the fallacies of Gallicanism or Jansenism. He refers to them, not by name, but as hostile prejudices and vain fears to which many yield and remain for years from the eucharist.

He affirms the traditional doctrine of the Catholic church, that the sacrament is not merely a form, but the real body and blood of Christ given to the world to be the food of the souls of men. He concludes his letter in part as follows:

"But the chief aim of our efforts must be that the frequent reception of the eucharist may be everywhere revived among Catholic peoples. For the soul, like the body, needs frequent nourishment, and the holy eucharist provides that food which is best adapted to the support of its life."

"For priests, to whom Christ, our Redeemer, entrusted the office of consecrating and dispensing the mystery of His body and blood, can assuredly make no better return for the honor which has been conferred upon them than by promoting with all their might and glory His eucharist, and by inviting and drawing the hearts of men to the health-giving spring of his great sacrament and sacrifice, according thereto the longings of the most sacred heart."

FACTS NOT FICTION

A Plain Statement of a Bad Condition and a Cure That Never Fails.

Mr. Cyrus Hauselman, of No. 279 Sugar street, East Liverpool, O., says: "Dr. A. W. Chase's Nerve Pills are a fine medicine. It has done for me more to cure my old rheumatism than anything I ever took. The rheumatism had hung on for four or five years, and was all in the legs and shoulders. I could not sleep and at times could not move with the pain. I was told of the Nerve Pills and got them at Larkins' drug store, and they took hold finely, something nothing else ever did. The pain and stiffness are almost gone. I am feeling strong and get about and sleep well. It won't take many more to cure me completely."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

ACRITICAL FAIR

AT COLUMBIAN PARK TO BE HELD IN OCTOBER.

Definite Arrangements Effected for the Coming Exhibition.

A grand agricultural fair, stock exhibit and races is now assured at Columbian park on October 13, 14 and 15. George H. Smith, the president of the Steubenville Fair association, was in the city today making preliminary arrangements for the big event. He conferred with a number of citizens and received ample encouragement. J. S. Foster would have acted as secretary for the fair had it not been for illness, but J. G. Milliken, secretary of the Steubenville Fair association, has kindly consented to act in the same capacity.

The exhibits will include everything in agriculture and stock, and will be first-class in every particular. One striking feature of the races will be the riding of two pacing horses by Rex and Mack, two educated dogs from Palatine Bridge, New York. Other pleasing features will also be brought to the park.

Got Ice in His Eye. Joseph Weber, the Market street saloonist, while cracking ice last evening had his left eye painfully injured by a piece of ice flying up and striking the optic. The eye is considerably swollen and inflamed today.

THE BIG LOT SALE

AT CHESTER, JULY 24, ATTRACTING MUCH ATTENTION.

All Indications Point to a Crowd—Great Chance For Grand Bargains.

Many inquiries have been received in East Liverpool by the gentlemen who are to hold the great auction sale of lots in Chester, W. Va., Thursday, July 24. The terms offered are so liberal and the chances of making large profits in investments in Chester so well understood that it is no wonder the announcement that 800 of the best lots in that town are to be at once placed on the market attracts general attention.

The liberal offer of a lot absolutely free with every 100 lots sold is naturally arousing much interest and it looks as if there would be a number of these prizes to be awarded. The people of the upper Ohio valley have all heard of Chester and of its marvelous growth. Two years and a half ago its site was farm land and sparsely populated. Today it is a busy and prosperous manufacturing city with every prospect of doubling its present population of 3,000 within the next year and a half.

The men interested in the Chester Rolling Mill Company and the Southside Land Company, both of whose holdings are to be offered at the coming lot sale, are among the most substantial and best known citizens of East Liverpool and Chester. They will be glad to welcome all comers and to show them the attractions and interesting features of the town, whether they come to invest or merely to look around.

Nobody as yet who has invested in Chester property has had any cause to complain, and numerous investors who made small purchases within the past two years now find that the value of their possessions has doubled. There are better opportunities now than ever before for profitable investments of this sort, and only a \$10 bill is required to start with.

There will undoubtedly be crowds at the land sales on July 24, both morning and afternoon. There will also be free music and generous entertainment. If further information is desired by those who intend to come on that date, Geo. H. Owen & Co., J. E. McDonald or C. A. Smith, all of East Liverpool, sales agents for the Chester property, will gladly furnish it.

AN EXCITING RUN

Made by a Team Attached to An Ice Wagon—Nobody Injured.

An exciting runaway took place at 7 o'clock this morning on Washington street. E. M. Davis' ice wagon team, which was standing in front of the Criterion restaurant became frightened by the wagon pushing down against them, the brake lock being defective.

The horses started at breakneck speed down the Washington street hill, passing the C. & P. tracks, and turning a sharp corner near the Potters' Supply company's plant, they were brought to a standstill by the presence of some wagons in their path. They made the exciting run without accident or further incident. A large crowd witnessed the frightened team careening down the thoroughfare.

TWO RUNAWAYS

Pony Rig and a City Team Made a Wild Dash Simultaneously.

The pony hitched to a fine trap belonging to George Parry, of the Albion house, broke loose and ran away this afternoon at 1:30 on the Calcutta road and about the time the animal reached the Horn switch at the junction of Calcutta and Lincoln avenues, a city team, driven by Ed Cochran, came tearing down Lincoln avenue, and could not be stopped by the driver Cochran.

Both tore across the Horn switch and just missed the pony engine No. 693. Pat Woods stopped the city team on East Market street and Parry's team was finally checked on the same street. Parry's trap was badly damaged.

A Surprise Party. Fourteen members of the Rechabite lodges of East Liverpool tendered Mr. and Mrs. W. H. Douglass, of Boydville, a surprise last night, by calling at their home. The party was treated to refreshments, and spent an enjoyable evening.

COMING ATTRACTIONS

MANAGER NORRIS' OPERA HOUSE BOOKINGS FOR NEXT SEASON.

Much Better Shows Engaged Than Those Which Were Here Last Year.

Manager James Norris, of the opera house, announced today that the house in this city would be opened for the season of 1902-03 about September 1. A good list of attractions have already been booked; in fact, many are first class and much better than appeared here last season. The following is a partial list of those that have already been booked, although there is some open time yet to be filled for which negotiations are now pending:

One night stands: "Hearts of Gold," "The Way of the Wicked," "David Harum," John W. Vogel's Minstrels, "Mr. Plaster of Paris," "The Foxy Boy," "Two Little Waifs," "The Evil Eye," "Prisoner of Zenda," "Indiana Folk," "Our New Minister," "East Lynne," "When We Were Twenty-one," "York State Folks," "The Missin' Girl," "Arizona," "The Fatal Wedding," "A Thoroughbred Tramp," "Way Down East," "Uncle Josh Spruceby," Jule Walters in "Side Tracked," "Are You a Mason?" "Ten Nights in a Bar Room," "Katzenjammer Kids," "Eight Bells," "Sporting Craze," "The Christian," "A Marriage Vow," "A Royal Slave," "San Toy," "New York Day by Day," "Just Struck Home," "For Home and Honor," "A Hidden Crime," Al G. Field's Minstrels, "Alaska," "Hunting for Hawking," Haverly's Minstrels.

William A. Brady's production of "Way Down East" has been booked and will be one of the attractions in the entire list.

The following are some of the week stands that have been secured: Chester De Von; Garfield Camp, East Liverpool, one week; King Dramatic company, Chicago Stock company, Bennett-Morten company; Himmel's Ideals and Irene Myers.

A number of other attractions will be booked, but their contracts have not yet arrived.

With the affidavit and accompanied by Mr. Bridge, Constable Powell went to the manager of the company last evening and held him of the intention of attaching the boat until the boy's wages were paid to the father. The manager said he did not want the boy working for him against the wishes of the parent and agreed to at once discharge him.

That settled the case, Bridge withdrawing the affidavit. The boy has not been heard from today, and it is not known when he will return.

Back from Tennessee.

Gus Martin and family, who four years ago removed to Tullahoma, Tenn., have returned to the city, where they will reside. Mr. Martin was not satisfied with the conditions in Tennessee and decided that this city was better. He states that James Dixon, formerly a well known butcher in this city, is also at Tullahoma, and that he is in the best of health. Dixon, it is said, expects to return to the city during the fall for the purpose of visiting old friends.

The lineup for both teams follows:

Junctions—Taylor, short; Nichols, third; Glover, middle; Fohl, catcher; Beucher, second; Cunningham, left; Frank, first; Cable, right; Douglass, pitcher.

East Liverpool—Reark, middle; Maag, short; Berry, first; Harker, second; Heckathorn, left; Davis, third; Farrell, catcher; Webb, right; Maley, pitcher.

DRIVEN TO SUICIDE BY POVERTY'S SPUR

Mrs. Berger, Whose Body Was Taken From the River Here, the Wife of a Once Prominent and Wealthy Man.

AGED HUSBAND'S GRIEF ON VIEWING REMAINS.

A mystery of three days was conclusively solved when aged John Berger, of Atwood street, Oakland, Pittsburgh, arrived in this city at 7:33 last evening and identified the body of the drowned woman, which had been lying at John Rinehart's undertaking rooms since Sunday, as that of his missing wife.

The story which led to her suicide is an unusually sad one. Mr. Berger was once a wealthy furniture dealer, residing in Allegheny. He was also an enthusiastic astronomer, and for a number of years maintained a large private observatory at his home on Perryville avenue. There it was his delight to meet young people who had a desire to learn and give them free instruction in natural science.

Mr. Berger made several inventions and improvements in telescopes that attracted much attention. He was also much interested in microscopy and a man of ripe scholarship.

Misfortune overtook him some ten years ago and he appears of late to have lived in poverty. Mr. Berger stated that his wife was undoubtedly mentally deranged on account of his financial troubles. He said:

"We had no money to live on. Late-
ly I went to work in a furniture repair shop, but the workmen there were so disagreeable that I had to give up the place. Then I went to a furniture establishment in which I once had a fourth interest, and offered to work for \$10 a week, but they said they had no vacancy. On Saturday I had only a loaf of rye bread in the house and had no money to get anything else with. That doubtless had a great deal to do with my wife taking the step

she did. I could stand it, but she could not."

While living in Allegheny Mr. Berger became involved in litigation with the city over Perryville avenue improvements, and this helped to hasten his financial ruin.

Mrs. Berger had evidently planned suicide. Letters were found in her house ready to be sent after her fate became known. She also had placed cards on small articles to show to whom they were to be given. As she had a sister in Allegheny, it was supposed she had gone there to visit, and her disappearance caused no special anxiety until Monday. Mrs. Berger, prior to her marriage, was Maria B. Upz, of Cincinnati, a member of an old and wealthy family of that city.

A brother is supposed to have committed suicide recently, and this fact preyed upon her mind.

Mr. Berger on his arrival repaired to the Hotel Lakel, and later accompanied Undertaker Rinehart to the undertaking rooms on Second street.

The old man's grief was pathetic when he gazed at the form of the wife who had been the companion of his bosom for so many years. The big throng of curious ones who crowded into the building were pushed back to allow the gentleman a quiet moment with his beloved dead.

When seen by a News Review reporter afterwards he feelingly spoke of the sad fate of his wife, and corroborated the facts as to his wife's disappearance and former history as related in this article.

The remains were laid last night in a neat casket, and accompanied by the bereaved, sad hearted husband, were taken on the 5 train for Pittsburgh, where the funeral and interment will take place tomorrow.

PASSENGER TRAIN STRUCK A FREIGHT

**Noon Train For Pittsburgh Runs
Into Rear of a Freight
at Industry.**

PASSENGERS BADLY SCARED

Several of Those In the Rear Coach Slightly Injured by Broken Glass. Seven Freight Cars Derailed and Partially Wrecked.

Much excitement was caused in this city this afternoon by a report that the noon train from Cleveland to Pittsburgh had been wrecked at Industry and several persons seriously injured. It turns out that the passengers were badly scared, but none dangerously hurt.

The eastbound passenger train No. 336, going at a good speed, ran into the rear end of a freight train. The accident happened on a curve in the road and the engineer not being informed of the freight train being on the track, was powerless to prevent the collision.

As a result seven freight cars were derailed and wrecked, but no one was badly injured. There was a report in circulation in the city that several people were badly hurt if not killed. The report gave rise to much alarm, as the train carried a number of passengers from East Liverpool. Telephonic advice from Industry state that a few received minor injuries in the rear passenger coach, as the result of flying glass.

The pilot of the passenger engine was wrecked, but further than that no damage was done to it. Traffic was delayed for several hours, the Wellsville wreck train being the only one summoned.

Elks vs. Y. M. C. A.

The B. P. O. E. base ball team will play the Y. M. C. A. team next Friday evening. Both aggregations have been practicing diligently and are evenly matched. They will play for blood and a good time is promised. The lineup of the former team will be as follows: McNutt, catcher; Heddleton, pitcher; Bright, first; Lewis, second; Baxter, short; Smith, third; Anderson, left; Orr, middle; Buxton, right.

Objected to Working With Boys.

M. A. Lasher, business agent of Lathers' local No. 58, of this city, says there are 139 locals of the lathers in the United States. He further states that the trouble originated with the local and Contractor Johnston by the latter hiring, as they allege, a number of boys to do the work, and they refused to work under those conditions. They say contractors can furnish all the union men wanted if necessary.

For the Law Makers at Columbus If They Adopt the Plan Suggested By Assistant Attorney General Todd. Higher Rate For Canal Water.

Sensational proceedings were commenced this morning in Wellsville when Rev. E. W. Rinehart, pastor of the Disciple church at Salineville, appeared before Squire Riley and had a warrant issued for the arrest of Rodney Griffith and wife, members of his congregation.

Malicious libel is the charge preferred against the couple by the minister. In filing the bill of particulars he states that the accused have been circulating by the use of the mail and other ways, demoralizing reports about his character, saying that he had been guilty of immoral conduct.

Constable Spires was detailed to make the arrests and left at noon for Salineville for that purpose. He will likely return this evening and in so doing the case will be heard by the squire at once. It is said that Rev. Mr. Rinehart will have more warrants issued in a few days for the arrest of others of his congregation who, he thinks, have been maligning him.

A MEETING CALLED

To Perfect Arrangements for the Eighteenth District Congressional Convention.

Lisbon, July 16.—(Special)—Judge J. P. Fawcett, chairman of the congressional committee for the Eighteenth district, has called a meeting of the committee at Salem on Friday next to perfect arrangements for the convention on July 23.

The committee is composed of J. P. Fawcett, E. H. Turner, of Youngstown, and Ed A. King, of Lisbon.

Thomas Bott's Will.

Lisbon, July 16.—(Special)—The will of Thomas Bott, of East Liverpool, has been filed for probate.

If the extra session of the legislature follows the plan suggested by Assistant Attorney General Todd, the lawmakers will be in Columbus a long time. Mr. Todd points out the fact

that all the special health laws, special election laws and other important subjects are so weak that they will be sure to fall if attacked in the courts and he thinks that all this matter should be gone over and corrected at once.

IN JAIL A MONTH

BUT A WEDDING CEREMONY WILL RELEASE HIM.

Parents' Consent to the Union Probable After Much Troubulation.

After allowing their boy to lie in jail for nearly a month because they would not consent to his marrying a girl who had preferred a charge against him, Mr. and Mrs. John Prudence are endeavoring to get their son released. Action was brought against young Prudence by Nora Halfhill, an employe at Manley's restaurant, who came from Gallipolis. Both agreed to marry, but the parents of the boy refused their consent.

Mrs. Prudence was later taken very sick and removed to a hospital at Pittsburgh. She now thinks that she is going to die and does not want to leave the world with her boy in jail. The county clerk was telephoned to this morning in regard to the marriage license, and he informed the attorney for the parents that it will be necessary to get the signature of both before the license can be issued. The attorney left on the noon train for Pittsburgh to get the signature of the mother. It is likely that the marriage will be performed in this city this week.

The county clerk was telephoned to this morning in regard to the marriage license, and he informed the attorney for the parents that it will be necessary to get the signature of both before the license can be issued. The attorney left on the noon train for Pittsburgh to get the signature of the mother. It is likely that the marriage will be performed in this city this week.

Mrs. Prudence was later taken very sick and removed to a hospital at Pittsburgh. She now thinks that she is going to die and does not want to leave the world with her boy in jail. AN UNLUCKY DAY FOR EAST LIVERPOOL

The Boys Were Defeated at Wheeling Without Gaining Even One Run.

PUZZLED BY THE PITCHER

The Nail City Twirler a Wonder—Maley Scheduled to Pitch Today—The Reason for the Defeat—Maley Got the Only Hit Made.

East Liverpool suffered a shutout at Wheeling yesterday. It was all because the boys could not understand the twisters delivered by Jimmy Lucas, the young Wheeling pitcher, who will before many years make himself famous in the base ball world. He put them over in a style never before witnessed by a Wheeling crowd. Of his marvelous work a correspondent writes:

"He created four different records. First, only 39 of the East Liverpool batters faced him; second, only one hit was made off his delivery; third, but one man succeeded in getting as far as second base and lastly in the seventh inning it was only necessary to pitch three balls to retire the side. The combination of these feats perhaps creates a national record. Lucas' wing seemed to be oiled to perfection and at no time was the ball out of his control. He didn't give any base on balls nor hit a batter, and but two balls were hit out of the infield."

"In fact, the young twirler served up his curves in such shape that, ad the Chicago Americans or Pittsburg Nationals beeating hitting at them, the result would probably have been the same. The East Liverpool boys strove hard to pound the ball safely, but there was nothing doing. Their four errors were due more to demoralization than anything else as a result of their hopeless task in trying to solve Jimmy's twisters."

During the first part of the game the locals made things exceedingly interesting for their contestants, but they soon fell and the game was lost before the sixth inning was played. Patterson pitched a fair game notwithstanding that he allowed 10 hits to be registered against him. His support was good and the only excuse that can be offered as a cause for the defeat is that hits could not be placed by the locals. Maley played in right field and was the only man that pounded a hit. It amounted to naught, however. He died on second base, which was the farthest point reached by a local player.

Maley will pitch today's game and it is said that Wheeling is on the anxious seat as a result.

Mrs. C. L. Byron.

Mrs. C. L. Byron, of 516 Lincoln avenue, Chicago, Ill., is President of the Chicago German Woman's Club. She has the following to say of Peruna, the great catarrh remedy, which relieved her of a serious case of catarrh of the bladder:

Peruna Medicine Co., Columbus, O.:
"Gentlemen—'I was cured of a very severe case of bladder trouble which the doctors did not know how to reach. I had severe headache and dragging pains with it, but before the second bottle was used I felt much relieved, and after having used the fifth bottle life looked different to me. This was nearly a year ago, and I have had no recurrence of the trouble. I cannot praise Peruna too highly."—MRS. C. L. BYRON.

HE HARDLY KNEW GOOD OLD TOWN

John R. Andrews Talks of East Liverpool Changes in the Past 23 Years.

WENT AWAY WHEN A BOY

Has prospered in the West and comes back to find his home city has prospered, too—High Praise for East Liverpool Enterprise.

Twenty-three years ago John R. Andrews, who has been visiting his uncle, Dr. Andrews, of Fourth street, for a few days, was one of East Liverpool's many young boys looking out on the future, hoping that some day the tides of fortune would certainly land him on the shore of affluence and perhaps fame.

The longer youthful John wrestled with the idea, the greater became his determination to mount up the ladder and win laurels for himself.

With this idea he went out into the great growing west, locating in Kansas City, and practically grew up with the country. Today he is the general manager of the Kansas City Daily Record, and also supervises the publication of two other of its newspaper enterprises, a contractors' and builders' paper and a legal paper, having entire charge of the workings of the three great plants. He is still a well preserved and youthful man with every characteristic of the energy, hustle and vigor so noticeable in the makeup of citizens from western climes.

So John came back to East Liverpool Monday to look over the old familiar scenes of his boyhood days, when East Liverpool was a city of 6,000 inhabitants and the pottery industry had not yet made much impression on the life and industry of the town, and what a change he found—a hustling, busy city. He says on every corner some new surprise greeted his eager eye. East Liverpool had passed away beyond the idea he had formed of it while away in the great west, and those he had left behind when he emigrated away from the city. Old things had passed away, and this is what he says in tribute to his former boyhood home:

"I find more hustle and more characteristics of western enterprise than in any city in the east that I have visited; in fact, in even the great west with the exception of the southwest portions through Oklahoma and Texas, where towns are springing up like magic."

Mr. Andrews is a strong, educated and enthusiastic advocate of the interests of his adopted state, and talks most interestingly of its growth and future prospects. He reports the crops excellent, the fear having already passed away that any repetition of last year's failure would result.

In speaking of the future outlook of Kansas he says that work has already begun on the Mexico & Orient railway line, stretching from Kansas City to the Gulf of California in lower California, where a mammoth terminus will be built, and the cereals of the great southwest transported to tide water. The capital for building this transcontinental railway which is almost a bee-line through Kansas, New Mexico and Texas to the gulf, is furnished by capital from England and the Netherlands. He thinks that the isthmian canal may operate some against the feasibility of the project, but in the main it will prove a paying investment.

On other features of the state and entire west he is well informed, having visited in the interest of his publications the prominent cities of every portion of the country.

He departed last evening for Buffalo and will take a trip to Detroit and from there return to his field of work. He complimented the East Liverpool papers on their sprightly appearance, and was sorry he had not the opportunity of visiting and inspecting their plants.

MANUFACTURING OF WOOL

Census Bureau Issued Figures on the Industry.

Washington, July 16.—The census bureau yesterday published a bulletin on the woolen manufacturers of the country, showing the condition of that industry for the census year 1900. The total capital invested was \$32,040,553. This sum represents the value of land, buildings, machinery, tools and implements and the live capital utilized, but does not include the capital stock of any of the manufacturing corporations of the state. The value of the products is returned at \$92,473,050, to produce which involved an outlay of \$9,580,233 for salaries of officials, clerks, etc.; \$82,201,244 for wages; \$23,929,797 for miscellaneous expenses, including rent, taxes, etc., and \$23,230,986 for materials, mill supplies, freight and fuel.

The death of Nora Ferris at the
Delaware Industrial School for Girls is
to be further investigated. Somebody
will undoubtedly be made to suffer for
the cruelty practiced upon her, and
somebody ought. The report of the
committee of investigation appointed
by the governor shows that the girl
was not treated in a humane manner
because of some slight infringement of
the rules, and that she died while un-
dergoing punishment. Governor Nas
turned the report of the committee
over to the attorney general with in-
structions to begin criminal prosecu-
tion; and that official has now asked
the prosecutor of Delaware county to
bring the matter before the grand
jury, believing that Matron Sellers
should be indicted for manslaughter.
The matron is now in Chicago. She re-
fused to come to Ohio to testify at the
time the investigation was being con-
ducted, and will probably not come
now, except a requisition is issued for her.
The state administration does not
propose to use any whitewash in this
case, and is to be commanded for the
promptness and determination with
which it is going to work to punish
those charged with cruelty to the
wards of the state.

Those who argue that trade does not
follow the flag will find it hard to ex-
plain recent figures from the treasury
department. These statistics show an
increase of over 500 per cent in our
trade with Porto Rico in four years. In
the same period exports to Hawaii
have jumped from \$5,000,000 to \$29,
000,000, and while we only sent
\$94,597 worth of goods to the Philip-
pines in 1897, the present year these
exports will amount to \$5,000,000. And
the best of it is that the percentage of
increase is likely to become still greater
as the magnificent resources of the
islands are developed. This is a sort
of expansion to which no wide awake
American can take exception.

Marconi claims to have sent wireless
signals 1,400 miles and to have re-
ceived complete messages from a point
850 miles distant. Marconi is evidently
just beginning his self-appointed
task of astonishing the world.

It was a newspaper item that solved
the mystery of the disappearance of
Mrs. Henry Berger, of Pittsburgh, and
led to the identification of the un-

known woman found drowned in this
city. Newspapers are constantly per-
forming public services of all sorts.
Some people forget to thank them, but
the journals keep up their useful work
just the same.

Toledo is complaining of the dis-
grace of having no signs at street cor-
ners to guide strangers. East Liver-
pool has been so long disgraced in the
same way that its people appear to
have settled down to the conclusion
that there is no help for it. But there
is a very simple remedy, and it should
be applied forthwith.

A machine for laying brick as fast
as six or seven skilled men can do the
work is the latest invention. The
hod carrier's "man at the top" may soon
be hunting a job, but building opera-
tions will be cheapened.

The multiplicity of code bills prom-
ised will make the legislators wish
they had given the matter attention
when such productions were fewer.

E. G. Rathbone was received at his
home in Hamilton, O., with public
demonstrations. Hamilton is certainly
peculiar.

Gates' corn corner was a good thing
—for Gates. Nobody else is likely to
have a kind word for it.

The East Liverpool base ball team
will feel like avoiding Wheeling here-
after.

Bandit Tracy must be qualifying for
a six-days' walking match.

OBITUARY

Mrs. Mackall.

Mrs. Mackall, mother of Mrs. Boyd
of Calcutta road, died at the home of
her son-in-law on Calcutta road last
evening at 11:40 o'clock, as a result of
suffering a severe stroke of paralysis
last week. She was 75 years old and
was born on a farm located between
Georgetown and Hookstown. The fu-
neral services will be held at her late
home on Calcutta road tomorrow, the
interment being made at the George-
town cemetery in the afternoon.

Death of an Infant.

An infant child of Mr. and Mrs. Pat-
rick Savage, of 166 Avondale street
who died yesterday, was buried this
afternoon at St. Aloysius' cemetery.

RINEHART ARRESTED

The Liveryman Accused of Refusing
to Pay Bridge
Toll.

John Rinehart, the Second street
liveryman, was arrested by Chief Al-
lison in Chester last evening, on a
warrant sworn out by J. F. Pattley,
bridge officer, for refusing to pay toll,
it is alleged. Some few weeks ago
he gave bond for \$100, with T. P.
Cunningham as surety, for his appear-
ance before Squire Johnston July 23.
Rinehart was crossing the bridge
and had three passengers beside him-
self. He, it is alleged, refused to pay toll
for one of them. He was stopped by
Pattley, but continued his way
across the bridge, pushing the watch-
man to one side. Hence the suit.
The warrant was sworn out June 30.

BIDS NOT ACTED UPON

Sewer Commission Again Failed to Get
Together on Time.

Bids for the sewerage of Thompson
avenue and Ravine street were filed in
the office of the sewer commission
yesterday before 1 o'clock, the time
designated in the order, but no action
was taken on them. What the bidders
want to know is why they were not
acted upon. Being filed legally and
upon the solicitation of the commis-
sion, they think it very strange that
they should be so disregarded.

The president of the commission
was out of the city and it seems that
the other members could not get to-
gether.

Will Present Kennedy's Name.

Youngstown, July 16.—Judge Arrel,
of Youngstown, will present the name
of James Kennedy, of this city, for
the nomination at the Republican
congressional convention to be held at
Salem, July 23. Mr. Kennedy's friends
are very confident.

Bitten by a Dog.

B. H. Conley, superintendent of the
Presbyterian mission Sunday school,
Avondale street, now attending Wooster
university, was bitten on the knee by
a vicious dog belonging to the peo-
ple with whom he boarded at Wooster.
The wound is not a serious one.

In Jail for Non-Support.

Lisbon, July 16.—(Special)—

WITH THE WORKMEN IN THE CLAY PLANTS

[Special Correspondence.]

New Castle, Pa., July 16.—John
Monroe, who had charge of the mould
shop of the Shenango pottery, left a
few days ago for Tiffin, where he
will remain several weeks for the
purpose of improving his health. He has
been ill for some time.

John T. Wood, treasurer of the Na-
tional Brotherhood of Operative Pot-
ters, paid a visit to his New Castle
friends last week. He was the guest of
Ralph Wood, formerly employed at
the Diamond pottery at East Liver-
pool as a presser.

Fred Goldner, who has been visiting
friends at Wheeling for several days,
has returned home. He is employed in
the new sanitary shop.

Fritz Goldner, of Wheeling, who re-
cently secured a bench at the sanitary
shop, will remove his family to this
city soon. His household effects are
expected in a few days.

The claymakers at the Shenango
pottery were off last Thursday and the
plant will close as soon as the clay on
hand is used up. It has been currently
reported that as soon as this is done
the company will use a new body of
clay. The new body is now being
made, and is reported a much better
body than that formerly used.

The China shop, which has been off
for a few weeks, will resume operations
at once, and report says that the
plant will be kept in steady operation
until Christmas.

The New Castle Sanitary Pottery
company has just received a large order
for Pullman closets, and also a very
large order for the new pear-
shape washstand. This plant had but
two days' loaf at the Fourth.

Frank Swinewood and Thomas Say-
ers were in New Castle a few days ago
visiting former East Liverpool friends,
now employed in the potteries here.

Kilnmen's local No. 9, without doubt
is the largest union organization west
of the Allegheny mountains and east of
Chicago. The membership of this
local, which is the largest in the
Brotherhood, is 458, and all are in good
standing with but one or two exceptions.

If there is any trouble this local, it is
said, holds the key to the situation.
It has helped to form many other
locals now affiliated with the Broth-
erhood and is willing to do so whenever
the occasion demands. Its financial de-
partment is always open to any labor
organization in distress, provided the
cause is a worthy one, and for this the
local has achieved an excellent reputation.

There are very few kilnmen in the
city that are not members of this
association. When any other local in
the Brotherhood desires to increase
its membership through solicitation
through the shops the soliciting com-
mittee of No. 9 is as a rule called upon
for help which is always extended if
it is expedient.

Jack Barnes, a kilnman at the Buc-
keye, is spending a few weeks' vaca-
tion at Atlantic City. He is expected
home the first of the week.

Jigzerman's local No. 12 met in
Brotherhood hall last evening, but
nothing but ordinary routine business
was considered.

L. W. Boulton, of the Klondike, em-
ployed at the National pottery, is very ill
at his home with typhoid mala-
ria.

Samuel Welsh and William Johnson,
kilnmen at the old end, are now work-
ing on the biscuit at the Buckeye.

are working at the new end and also
at the Buckeye until the new addition
is completed.

William Reilly has for some time
been employed as a kilnman at the
Shenango pottery at New Castle. He
thought East Liverpool was a better
pottery town and he came here Mon-
day. He has now a steady job with
Aaron Coleman on the biscuit end at
the new end, commencing work this
morning.

Announcement is made of the mar-
riage of Miss Irene Hendricks, a fin-
isher at the Vodrey plant, to J. J. Dal-
ton, a sticker-up at the United States
pottery at Wellsville, last Monday.

The young couple are well known in
this city and have the best wishes of
a large circle of friends.

Luke Barlow, a native of England,
who arrived in this city a few months
ago, and who shortly after his arrival
in the city secured employment as a
dipper at the National, has decided
that he would like kiln work better
and has obtained a position at Wallace &
Chetwynd's.

T. P. Golding, of the Golding Sons
company, of Wilmington, Del., spent
some days in East Liverpool this
week. He reports the prospects for
fall trade most excellent. His firm
is the only one of pottery interests located
in Wilmington.

Frederick Webb, a biscuit kilnman
at the Buckeye, has been unable to
work for several days on account of
ill health. It is thought he will be able
to return to his bench by next Monday.

Price Toothman, formerly bench
boss on the biscuit at the Thomas
China pottery at Lisbon, has resigned
his position. He is one of the new
kilnmen that can be found on the bis-
cuit at the old end.

Work has been resumed in the dec-
orating department of the Goodwin pot-
tery. The other parts of this plant
will not resume operations for several
days.

Jack Barnes, a kilnman at the Buc-
keye, is spending a few weeks' vaca-
tion at Atlantic City. He is expected
home the first of the week.

Jigzerman's local No. 12 met in
Brotherhood hall last evening, but

ployed at the National pottery, is very ill
at his home with typhoid mala-

ing on the biscuit at the Buckeye.

RIVER NOTES.

The river is failing.

The water circus left at 6 o'clock
this morning for Wellsville.

The Queen City is down tonight
at 8 p. m., and the Ben Hur passed up
at 9 o'clock this morning.

SUES ON AN ACCOUNT.

Lisbon, July 16.—(Special)—
Arthur Brooks, of Kinzua, Pa., has en-
sued in common pleas court
against Waiter G. Roller, of Kensem-
ton, for \$195.75, claimed to be due on
an account for lumber.

ORDER OF SALE ISSUED.

Lisbon, July 16.—(Special)—
The order of sale has been issued by
Judge Boone to Thomas McCartney as
executor of the estate of Caroline Mc-
Laughlin, late of Center township, for
two tracts of land in Center township.

RAISED A DISTURBANCE.

Upon the solicitation of his family
Adam Booth, of Third street, was ar-
rested this morning by Officer Dunn
for being drunk and offering violence
at home. He will be given a hearing
tonight.

FOR SALE.

For the next ten days I will offer
for sale three houses, which are well
located and does not take a fortune
to buy. Now is your opportunity to
get a cheap home.

M. E. MISKALL.

FOUR MEALS A DAY.

Washington hotels are said to be the
only ones in this country that serve
four regular meals every twenty-four
hours—breakfast, luncheon, dinner and
supper—the latter being served in some
cases as late as midnight.

CHEESE.

Cheese will not go moldy if it is
wrapped in a cloth wrung out of vine-
gar and then in one of paper. Store
it in a cool place.

WELLSVILLE

ITALIANS STILL WORKING

Order to Suspend Is Not Observed by Contractor Rinehart's Force.

The force of Italians employed by Contractor Rinehart to work on the streets, is still at work, though operations were ordered suspended pending the decision of the committee appointed to look into the matter. Contractor Rinehart realizes that they must be kept at work in order to prevent their departure. No objections have been made, since he has informed the city officials of the situation.

At Monday's special council meeting several members, including President Whitacre, declared after the vote had been taken on the appointment of a committee, that they were in ignorance of one detail of the motion. This detail provided for the suspension of work on street improvements. Mr. Whitacre declared afterward that, if his attention had been called to the provision, he would not have favored the motion. As matters stand at present there will likely be no interference by the city officials until the committee makes a report.

MET AND ORGANIZED

Committee on Street Improvements Held a Second Session.

The committee of council and citizens recently appointed at the direction of council, met in the city hall last evening and organized. None of the city officials were present except Solicitor Boyd, who gave the members his opinion on the paving situation. Every member was present. All other persons were excluded.

Thomas H. Silver was chosen chairman and Julius Goetz secretary. The entire question was discussed but farther than this nothing was done. The committee adjourned until tomorrow night, when they will again meet.

WIFE'S SAD STORY

Police Aid Implored Because Husband Had Brutally Beaten Her.

James Smith was arrested by Officer Houser and Chief Thorp last night, and lodged in the city prison. His wife, who is a hard-working woman, appeared before Mayor Fogo and told a pitiful story of maltreatment.

Her husband, she said, had beaten and assaulted her, and for her own protection she implored the mayor to take him in custody. He is still languishing behind prison bars.

Dogs Must Be Muzzled.

July 21 is the date usually given as the opening of dog days, and in a week all dogs in Wellsville must be muzzled. Such is the order of Mayor Fogo, and he is determined to enforce it to the letter. He issued a proclamation yesterday, calling upon the owners or harbormasters of dogs to keep them muzzled on and after July 20. The officers have also been given instructions to enforce the rule to the limit, and certain death is in store for any dog without a muzzle after that date.

One Less Vicious Dog.

John Elencier, of Commerce street, until yesterday, had a dog which had a habit of snapping at passers-by. John Davis, whose home is on Main street, was badly bitten twice in the leg by the dog yesterday. It was feared the dog might have rabies, and the police were notified. Officer Davis shot the dog.

WELLSVILLE SHORT STORIES.

E. M. Daugler of Salem, is in the city.

W. T. Tarbox is here from Cleveland.

A. L. Rea, of Dayton, is in Wellsville today.

C. F. Stewart is in the city from Salem.

The Twentieth Century club will hold a picnic soon.

H. A. Orrison, of Bellaire, is visiting friends in the city.

Charlie McConnell, of Sebring, is visiting relatives here.

James Nicholson, of Main street is in Pittsburgh for a few days.

Mrs. James Nixon of Empire, was a Wellsville visitor yesterday.

Mr. and Mrs. E. A. Whitacre are at Cleveland for a two weeks' visit.

Edward Bunting, of Main street, is about to leave for the Adirondacks.

Not a single arrest was made yesterday. The city was unusually quiet.

J. F. Fickes, well known in pottery circles, arrived yesterday from Trenton.

Miss Clara Kelly, of Cleveland, is visiting Miss Ida Haugh, of Main street.

Harry Davidson, employed at the rolling mill, is moving from Eighth street to the Whitacre flats.

Milton Rosenbaum, formerly of Wellsville, now of Pittsburgh, is visiting Julius Goetz and family.

Miss Elizabeth Johnson left yesterday for Chautauqua, N. Y., where she will remain during the summer. Her home is in Congo.

Misses Blanche and Ethel Butler, of Main street, Miss Nell Davis, and Mrs. Riddle will leave tonight on the Queen City for Cincinnati.

Work has begun on the new building for the Adams Express company headquarters, just north of the Third street depot. It will be a two story frame building.

Work on Maple alley is still progressing as usual, and a force of men are at work preparing to pave the alley. Cleaning up is their chief task.

The Sunday school of the First Presbyterian church will meet after prayer meeting this evening to decide upon the time and place of holding its picnic.

Dr. McCuskey, a dentist of Moundsville, talks of opening an office on First street, Chester.

J. M. Williams, of Chester, has secured the contract for the stone work on Faulk Bros' new flour mill.

J. A. McDonald started a five roomed cottage house on Florida avenue yesterday for J. N. McDole, of Chester.

Corvdon Arnold has returned from the Adirondack mountains, called by a telegram, as his grandmother, Mrs. Clara Arnold, was very ill. She is improving.

Mr. and Mrs. J. J. Dowling left yesterday to be absent several days. Mr. Dowling goes on a business trip to Vanport, while his wife will visit friends in Pittsburgh.

The Olympia club, of Pittsburgh, 75 strong, passed through Wellsville last evening, bound for Edison Beach, near Port Huron, Mich. They were in a special car, and expect to have an enjoyable trip.

The ladies' home and foreign missionary societies of the First Presbyterian church will hold a meeting in the church parlors on Front street, Thursday evening. A pleasing literary program will be rendered.

Airy Passage at Sea.

The ship groaned. But the giddy young thing who was talking to the captain was a good salt, or and didn't mind a bit of rough weather.

"Doesn't it seem unnecessarily cruel, captain?" she said, "to box a compass?"

"Not any more so, miss," he replied grimly, "than to paddle a canoe."

GOT A BAD FALL

An Italian Laborer at the Chester Mill Seriously Injured.

An Italian who was unloading coal on one of the tipples at the Chester mill, fell from the trestle, a distance of 8 feet, this morning. He was badly hurt, perhaps internally, but with the assistance of Captain George Conn and others, was taken to his shanty on Marks' run.

Dr. Lewis, of Chester, was called, and attended his injuries.

Fitzpatrick Getting Well.

Thomas Fitzpatrick, the smallpox patient, is improving rapidly. He was taken up a looking glass by Health Officer Allison, and when he looked at himself said he did not think his girl would care to see him now. No new cases have developed.

Freight Business Rushing.

It was pay day on the New Cumberland branch yesterday. Freight traffic is exceedingly heavy, and crews at Steubenville are sent out over the main line on Sunday, especially those employed on the branch, so great is the rush.

Another Church Picnic.

The Fifth U. P. church of Allegheny came in by the C. & P. on a special train of 10 coaches this morning for a picnic at Rock Springs park.

A 60-Barrel Well.

In the Carson pool in Hancock county, Lecomte, Garrett & Co. have completed No. 13 on the S. Carson farm and have a 60-barrel producer.

CHESTER NOTES.

O. O. Allison is at Congo today on business.

Enoch Riley, the news agent, is in Pittsburgh today.

Editor Harry Moore, of the Southside News, Brookstown, was in Chester today.

Attorney George Bambriek, of New Cumberland, was in Chester today on legal business.

The Sunday school of the First Presbyterian church will meet after prayer meeting this evening to decide upon the time and place of holding its picnic.

When A Man Invests IN A LOT OR IN A HOME

He wants to feel reasonably sure that he is doing so where he has a reasonable chance of receiving fair returns for his money.

WHAT ARE THE CHANCES IN CHESTER, W. VA.?

A little over two years ago there was no such a town on the map. Today it is one of the busiest little cities in the great Ohio valley, with a population of 3,000 and growing at a rapid rate. In its location and its surroundings, its present condition and future prospects it has the making of a great and prosperous city. Some of those who invested in Chester property at the start have realized as high as 100 per cent. on their money. These profits have not been the result of years of waiting, but of merely a few months.

Investigate For Yourself.

You will find that Chester is situated in almost the northern point of the Panhandle of West Virginia. It is reached by a branch of the Panhandle rail road, connecting with the main line at New Cumberland Junction some 18 miles southward. This line is shortly to be extended up the Ohio river to a connection with the main line of the Ft. Wayne Railroad and the great Pennsylvania system, reaching Pittsburg and the great eastern centers.

What are the Advantages?

A FEW OF THEM ARE LEVEL, STREETS PAVED, SEWERED AND ADORNED WITH FLAGSTONE SIDE-WALKS, SEWERAGE AND BEAUTIFUL SHADE TREES; A SYSTEM OF WATER WORKS WHICH FURNISHES PURE, FILTERED WATER, ADEQUATE TO THE NEEDS OF ALL POLICE AND FIRE PROTECTION; A DOUBLE TRACK STREET RAILWAY WHICH IS EQUAL TO ANY IN THE COUNTRY. NATURAL GAS, CHEAP AND ABUNDANT. MANUFACTURING PLANTS:— A MODEL TIN PLATE MILL, FURNISHING EMPLOYMENT TO 800 PERSONS; TWO LARGE POTTERIES, EMPLOYING MORE THAN 400 PERSONS EACH, WITH OTHER INDUSTRIES ABOUT TO BE ESTABLISHED.

In addition there are good stores and all the minor industries of a prosperous city. There are also good schools, good churches and good society. The scenery is unmatched for attractiveness in all the Ohio valley. Thousands of persons flock to the neighboring pleasure resort, the Famous Rock Springs Park, daily during the summer and strangers invariably go away voting it one of the pleasantest spots along the river.

Better Opportunities

Are presented for the realization of profits. Why? Land is still cheap, compared with the prices charged in other towns of the same size. Chester is not a boom town. Its growth, although rapid, has been substantial and along conservative lines. It is both a manufacturing town and a city of homes. Hundreds of new houses were erected last season; the same record will be repeated this year, probably on a greater scale.

THE CITY OF EAST LIVERPOOL!

persons who work or have business in East Liverpool find Chester a more agreeable place for residence. Taxes are not high, and the advantages are all that could be asked. None of these statements are overdrawn. Some of the most desirable property in this thrifty and beautiful spot is shortly to be sold at auction. There will be bargains for those who seek them. At sales of this character no one can have an advantage. Lots will be sold to the highest bidders; those who buy will know what they are getting and if they see no bargain in the property offered they are not asked or expected to bid. We do not desire to have customers unless they are satisfied.

A Fortune Is Not Needed

To enable you to have a share in the advantages and the profits. You can start with a few dollars now and you will not need to wait long to double your money.

CHOICE LOTS FREE

With every 100 lots sold, one lot will be given away absolutely free, to some one person among those who have made purchases of one or more of the lots at this sale. One purchaser stands as good a chance as an other of securing this prize, it matters not whether he has purchased one lot or ten. A committee of reputable citizens will be selected and they will decide to whom the prize lots shall fall.

Choice New Property

will be offered at the coming sale—not lots which have been hawked about, vainly seeking a purchaser. There are over 800 of these lots which are now offered for the first time; everyone of them desirable either as residence property or as a location for business.

Remember the Date of this

Great Sale Thursday July 24.

Beginning at 10 a. m. and 2 p. m.

The undersigned invite friends from all this section to come and be their guests on that date. Come and see what we have, then you can decide whether you care to invest. Depend upon it, there is money in Chester property and if you become an investor you will be satisfied with the returns.

HERE is always more or less enjoyment in seeing others made happy. In case you do not see your way is clear to become a buyer get a trolley ticket and come over to the sale anyway. Listen to the good music which we shall furnish. Regale yourself with the refreshments served and see your neighbor made happy in his new possessions. But after all the terms of this sale are so easy, a deposit only of \$10 on each lot at time of purchase. That there is not one thrifty person in all of this section who will not become an owner of some portion of this excellent property. For further information, plats, trolley tickets, &c., call at our offices.

AS MITCHELL SAYS.

So Miners' Convention at Indianapolis Will Likely Do.

OPERATORS WILL NOT YIELD.

Rcv. Father Curran So Informed by President Baer—Other Magnates Stated Only Way Was For Men to Return to Work.

Indianapolis, July 16.—Not a sufficient number of delegates to the miners' national convention had arrived last night to make it possible to form anything approaching an accurate forecast of the action of the convention. From the talk of such delegates as had arrived it was evident that President Mitchell will dominate the convention completely. He was expected to arrive this morning.

Among the anthracite miners who had arrived here sentiment seemed strongly against a strike of the bituminous miners. They said that a strike of the soft coal miners would not help them to obtain an agreement from the anthracite operators. One argued it would be poor policy to get soft coal miners to break their contract. He said it was true that there were many delegates among the anthracite miners who are anxious for a general strike, but the anthracite men were not a unit on that point.

New York, July 16.—At an informal conference of the presidents of the anthracite roads yesterday the anthracite strike was discussed. There were present President Baer, of the Philadelphia and Reading railroad; President Underwood, of the Erie; President Fowler, of the New York, Ontario and Western, and President Truesdale, of the Delaware, Lackawanna and Western railroad. It was learned, The Times was to say today, that the Rev. Father J. J. Curran, of Wilkesbarre, Pa., who called on President Baer at Philadelphia on Monday, was so much discouraged with the result of his efforts that he will make no further attempts at settlement and will not try to see any of the other operators.

President Fowler, of the New York, Ontario and Western road, said, according to the same authority:

"There will be no concessions on the part of the operators of any kind or description. There can be no settlement except by the men returning to work. Nothing that will happen can change our attitude on these points."

Similar statements were made by Messrs. Baer and Truesdale.

SOFT COAL EXCHANGE.

Representatives Decide to Form a Permanent Organization.

New York, July 16.—Representatives of about 30 firms that ship soft coal from this port met yesterday and determined to form a permanent organization of the trade. The new organization will be known as the Bituminous Coal association, and the idea is to open permanent headquarters in this city with an ultimate view to opening and maintaining a bituminous coal exchange. A committee was appointed to draft constitution and by-laws and to obtain signatures. This committee will report at a meeting which is to be held a week from today. George D. Harris, a large individual operator, was elected permanent president of the association and J. J. Van Pelt was chosen secretary. Mr. Harris said that in all about 60 per cent of the coal shippers at this port were represented.

STEEL COMBINE ANSWERS SUIT.

Affidavit of Schwab Shows Immense Assets and Earnings—One Complainant Owns No Stock.

Newark, N. J., July 16.—The answer of the United States Steel corporation to the suit brought by J. Aspinwall Hodge, William H. Curtiss and Bernard Smith, who asked for an injunction to prevent the company from carrying out its bond conversion plan, was filed yesterday before Vice Chancellor Emery. When the case came up before the vice chancellor it was put over until July 23. The answer is sworn to by Charles M. Schwab, as president. The answer contains the following, in part:

EUCHARIST IS FIRST

Pope Declares It Central Doctrine of the Catholic Church.

SACRAMENT CHRIST'S BODY.

He Strives to Eradicate Vain Fears and Hostile Prejudices—Priests Should Promote With Might and Glory Meet Holy Eucharist.

New York, July 16.—Copies of the encyclical letter to Pope Leo XIII or "The Most Holy Eucharist" were received by many of the Roman Catholic clergy in this city yesterday. The document is an exhaustive one.

He presents the blessed eucharist as the central doctrine of the Catholic worship, and he particularly strives to eradicate all traces of what are termed the fallacies of Gallicanism or Jansenism. He refers to them, not by name, but as hostile prejudices and vain fears to which many yield and remain for years from the eucharist.

He affirms the traditional doctrine of the Catholic church, that the sacrament is not merely a form, but the real body and blood of Christ given to the world to be the food of the souls of men. He concludes his letter in part as follows:

"But the chief aim of our efforts must be that the frequent reception of the eucharist may be everywhere revived among Catholic peoples. For the soul, like the body, needs frequent nourishment, and the holy eucharist provides that food which is best adapted to the support of its life.

"For priests, to whom Christ, our Redeemer, entrusted the office of consecrating and dispensing the mystery of His body and blood, can assuredly make no better return for the honor which has been conferred upon them than by promoting with all their might and glory His eucharist, and by inviting and drawing the hearts of men to the health-giving spring of his great sacrament and sacrifice, securing thereby the longings of the most sacred heart."

"I suffered for months from sore throat. Electric Oil cured me in 24 hours." M. S. Gist, Hawesville, Ky.

West And Northwest.

Chicago, July 16.—At a conference last night, between a committee representing the men in the Lake Shore freight houses and the officials of the road, a settlement of the differences was effected and the men were to go to work this morning. The strikers said this meant all the roads will sign the same agreement. The adjustment was brought about by Chairman Job of the State Board of Arbitration. The basis of the settlement for wages:

clerks for the first three months, \$55; check, transfer and receiving clerks after first three months, \$60; delivery clerks for first three months, \$50, after that period, \$55; storers per dozen for first three months, 18 cents and after three months, 18½ cents, callers, first three months, 17 cents and after that, 18 cents per hour, trucks per hour flat three months, 15 and after three months, 17 cents. The Lake Shore men had no differences as to overtime.

The officials of the Northwestern and Nickel Plate roads also held conferences with committees of their men and agreements were reached similar to that between the Lake Shore and its employees.

Meetings of all the unions connected with the controversy were held last night and it was difficult to predict what action would result. The general supposition, however, while the meetings were in progress, was that today would see the end of the strike. A portion of the men wanted those who had reached an agreement with their roads to remain out until the road should come to terms. The majority of the strikers were said to be opposed to this, and would it was said, return to work as fast as a settlement could be made.

BILLS FOR LATE PRESIDENT.

Those Connected With Assassination to Be Paid by Cortelyou.

Oyster Bay, N. Y., July 16.—President Roosevelt passed a quiet day at his Sagamore Hill home yesterday. An incident of the afternoon was a reception and tea given on the official yacht Mayflower by Mrs. Roosevelt to the members of the St. Hilda branch of the ladies' auxiliary of Christ Episcopal church.

Shortly after noon yesterday Secretary Cortelyou left for Washington while in Washington he will complete arrangements with the local committees of the various cities the president will visit on his New England and Northwestern trip and with the railroad companies. He also will adjust and pay all bills contracted in connection with the assassination of President McKinley, including those of the surgeons who attended him.
